Saturday Night:

Here Dave says he got to Fair
at \approx 7-8 @ night, which would make
it so he leaves at \approx 6-7pm.

John did not take place in
this Sat. nite call to Rob - John will say
John left 1 hour before Dave; Dave left on foot

But X-reference Dave 2 ^(p 783)
where he says he left to
fair at \approx 10 - and stayed
till 11:00, meaning he left
at about 9:00 at night

Also - Ken's phone records say 7:50

Point is Dave didn't go to fair
on Saturday

We want him to leave early

LE Okay, let's ugh... You remember about what time that was that you got the money back from him...?

DW Ugh... it was jeez it was around seven or eight o'clock at night I would say...

LE Okay, was there a phone call that took place prior to this... before you went to the Barter Fair and talked...?

DW Yes, there was actually ugh... earlier that night before I did go to the Barter Fair ugh... I believe Rob Schultz called my house and left a message and I called him back or he was there ugh... anyway regardless of that... I spoke with him on the phone and ugh... he basically said Nick was at the Barter Fair and told me that which they were... already knew he was there... then he asked to speak to Chewy... him and Chewy spoke on the phone for a brief amount of time ugh... then from there we set out to the Barter Fair...

LE Why was it important that Nick was there or was not there...?

DW Ugh... they were believe that Nick was an undercover Nark and ugh... they were afraid that he was out there basically working undercover for Federal Agents or DEA Agents...

LE And Rob knew that you already knew about this...?

DW Ugh... yes, he did...

LE Okay, did he...? When he told you did he expect you to do anything...?

DW No, he asked me not to...

LE He told you, "Don't do anything."

DW Exactly... and then he asked to talk to Chewy...

LE Did you hear...? Over hear anything of that conversation...?

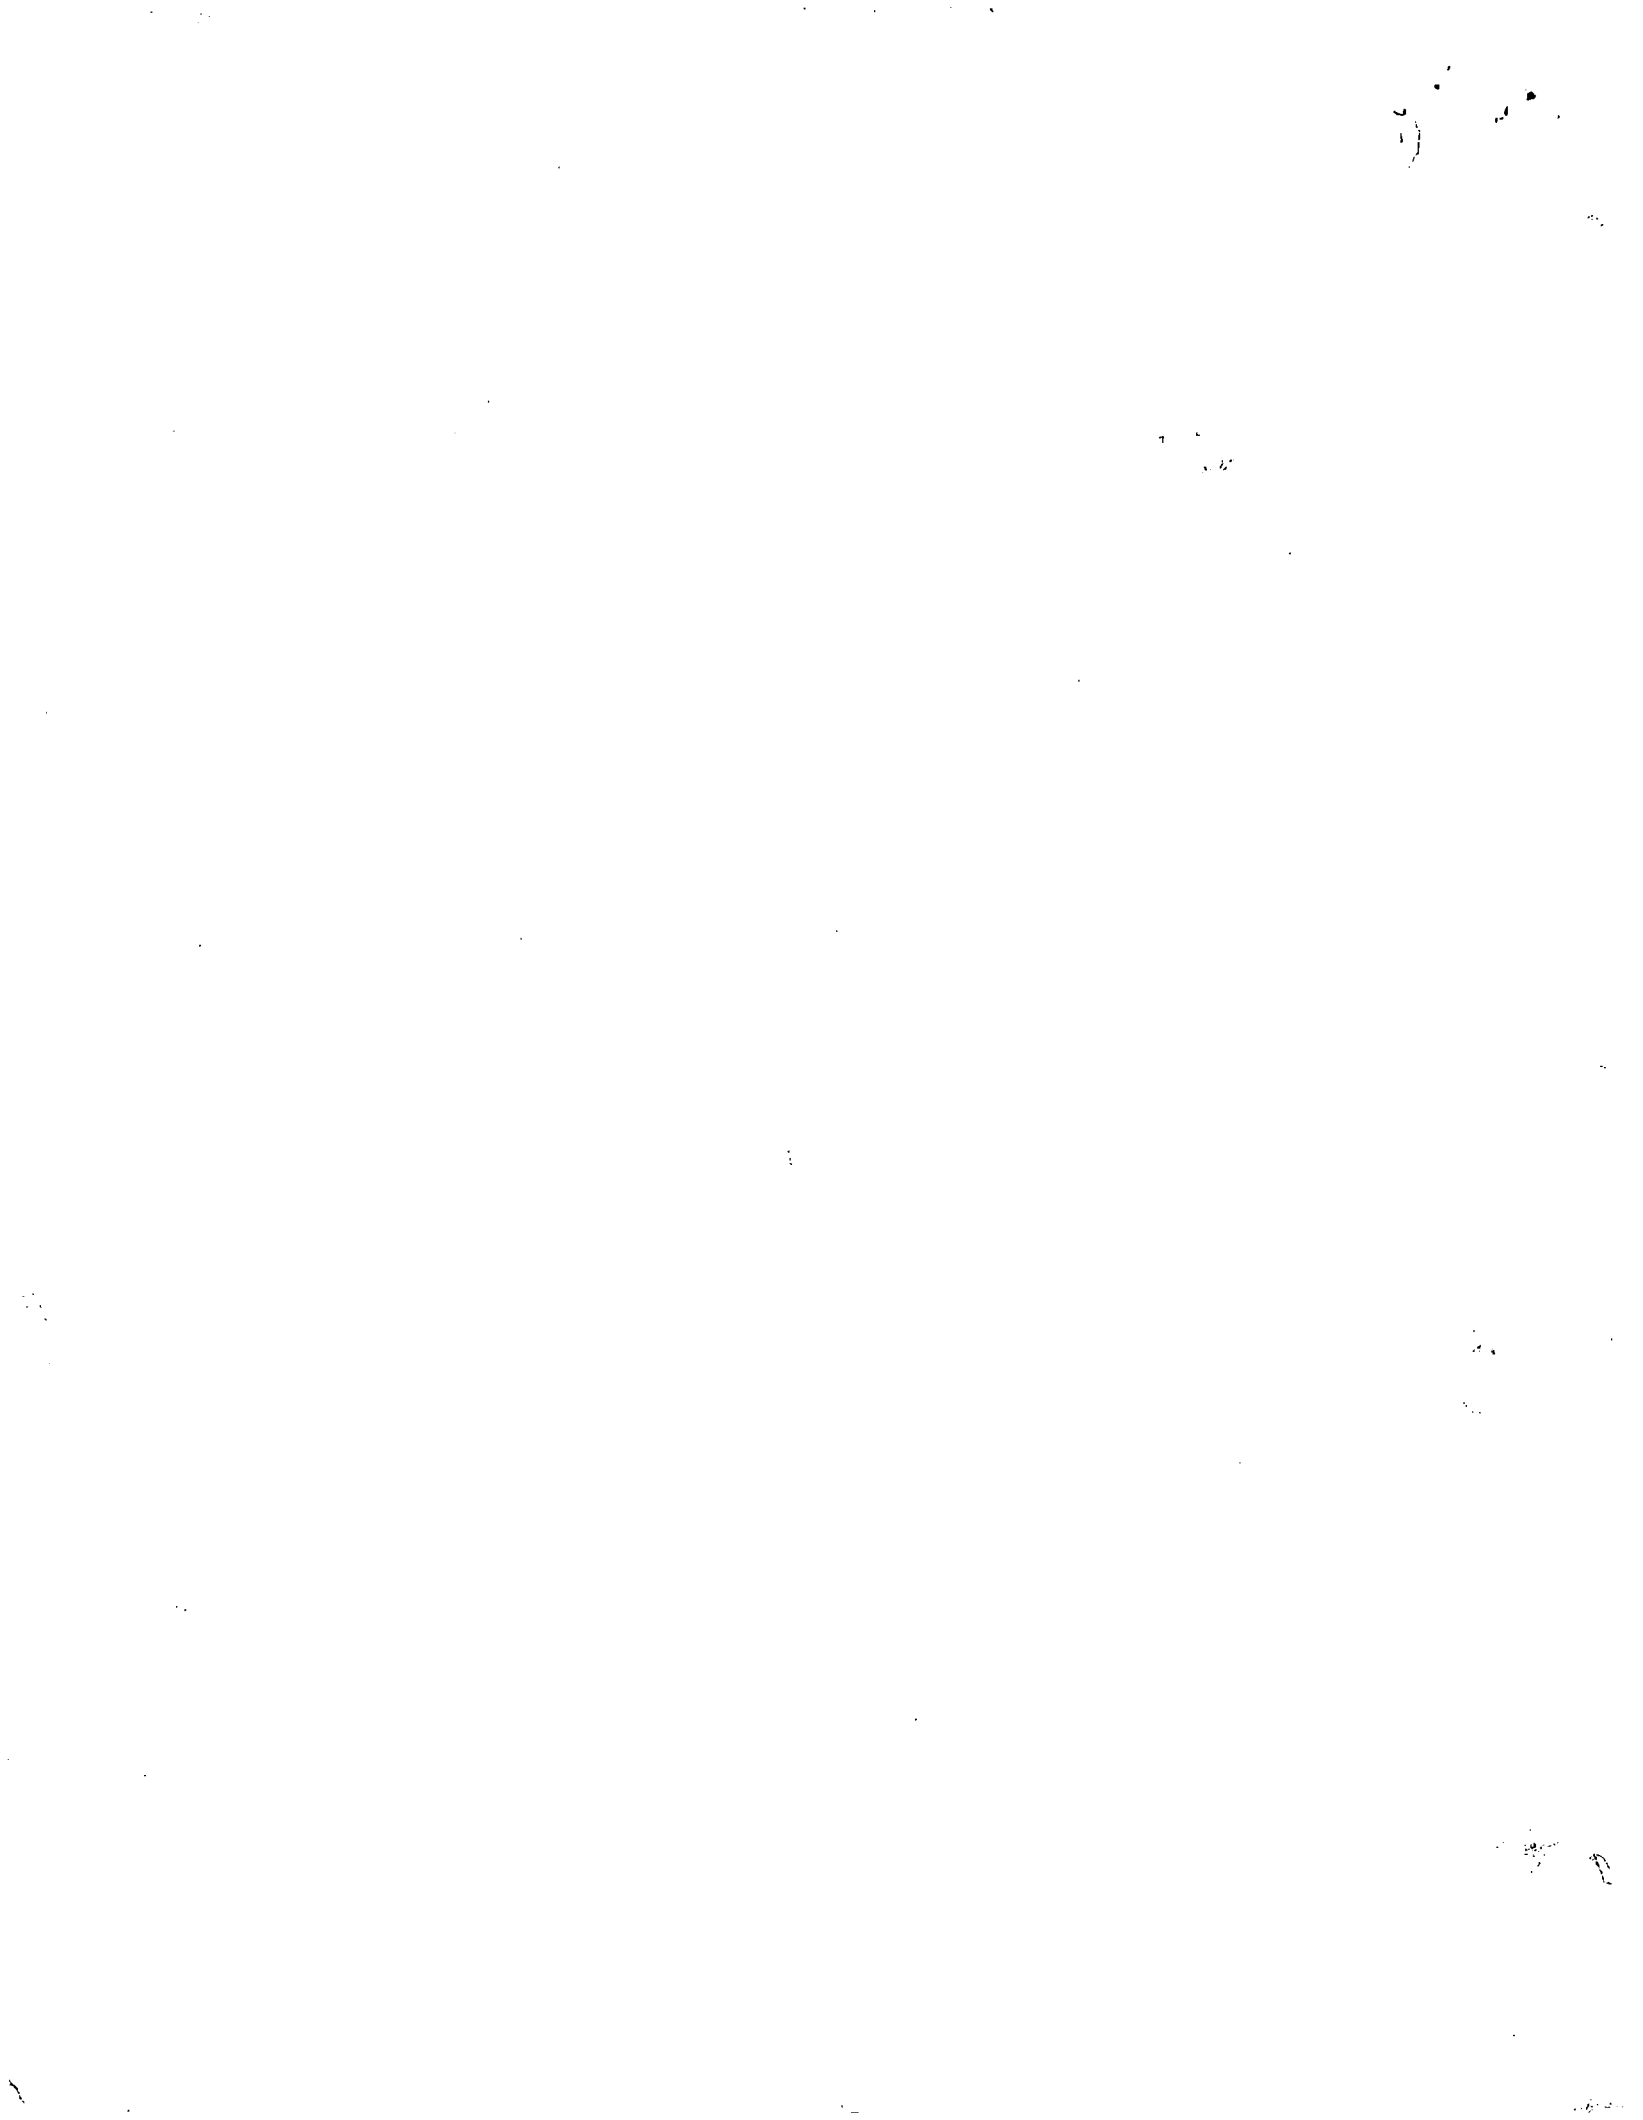

DW No, I didn't... I believe I left the room...

LE About how long did it last...?

DW Oh probably about two minutes.

LE And after it ended, what did Chewy or John Grange...?

DW Ugh...

*Presupposes that
Nick is coming back
to Portland &
why say this to John
if what he wants to
do is
kill him?*

LE Say...?

DW Believe not much was said other than Nick was at the Barter Fair... He already knew that and that Rob didn't want Nick coming to speak with him basically in Portland as far as that goes ugh... so we proceeded out to the Barter Fair from there...

LE Okay, ugh... so now you're back at the Barter Fair...?

DW Mmm hmm...

LE You're talking to Jeff and you get your money...?

DW Exactly...

LE That money was for...?

DW For marijuana...

LE That... that Jeff had sold for you...?

DW Exactly during the day...

LE Okay...

DW Over the whole weekend actually...

LE After you get your money, what occurs...?

DW Ugh... he asked Jeff to go back over and tell Nick to leave that he shouldn't be there... that the family doesn't want anything to do with him... that Rob doesn't want to talk to him and that it would probably be best for him to leave the Barter Fair... Jeff goes over and tells him to leave the Barter Fair umm... Jeff comes back sometime later, talks to me and Chewy, says... he's not gonna leave... there's no reason for him to leave, you know, he didn't do anything wrong ugh... at that point, Chewy seemed pretty angered by it ugh... just to the point of he wouldn't leave and ugh... he discussed it with a few other people there... one gentleman who's name a Doug ugh... the conversation turned to the point of, "Well maybe we should go over there and pull him out of his vehicle, beat the shit out of him, make him leave." Along those lines...

*Why would if
brother of the
intends to
kill him??*

LE Who was sayin' that this is what we do to him...?

DW Chewy...

LE Chewy was sayin' that...?

DW Chewy was sayin' that... basically tryin' to congregate people together as far as that goes... at that point, Doug walked off and didn't wanta hear anymore and at that point, I wanted to take off and go home, cuz I didn't want anything to do with it...

LE Do you know what Doug's last name is...?

DW No, I do not...

LE How would you describe Doug...?

DW Ugh... I would describe Doug as probably about 375 pounds ugh... has a beard, long hair, earring through the nose, and he sells glass at various Barter Fairs and swap meets and stuff...

LE Where's he from...?

DW He's from Portland.

LE And what kind of a vehicle does he drive...?

DW Ugh... he has a blue ugh... Astro Star or the Aero Star and ugh...

LE Van...?

DW Ya, it's a van... mini van... usually carries a white box on top... storage gear...

LE Was he aware what was going on with Nick and what Nick was accused of being...?

DW Ya...

LE Ugh... so Chewy... what his reaction was when ugh...? Nick didn't wanta leave...?

DW Mmm hmm...

LE He was upset...?

DW Ya, he seemed upset... he seemed that he didn't... it was hard for him to believe that he wouldn't leave...

LE Did you witness Jeff talking with Nick and tellin' him to leave...?

10

DW No, I did not...

LE Jeff came back and said that he had told him and Nick said, "I'm not goin'."

DW Exactly he said, there's no reason for me to leave... that's what Jeff relayed to us that what Nick said...

LE Okay...

DW To him...

LE What happened from then on...?

DW Ugh... from then on I took off ugh... he just gave me a ride home... I believe all three of us were in Chewy's bronco... dropped me off at my place... I went in by myself and ugh... from there I don't know if they went to the Barter Fair or they went home (several words not able to understand-covered over)...

DB You talkin' about they are you...?

DW Ugh...

DB Who are...? Who are...?

DW Chewy and Jeff...

DB Okay...

LE Was there...? What was the condition of everybody that night...? Was it drinking, drugs, anything like that...?

DW Ya, both drinking and drugs...

LE Okay, so you were under the influence of...?

DW Ugh... marijuana....

LE And anything else...?

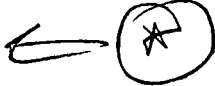

DW Ya, I was drinkin' beer...

LE How about ugh... Jeff...?

DW Mmm.... Jeff was under the influence of various things ugh... I don't know exactly what...?

Jeff, Richard -

LE Was he ugh...? Fairly sober or was he...?

DW He was very incoherent... 

LE Very incoherent...

DW Mmm hmm...

LE Ugh... now when we talk about Jeff, that's Jeff...?

DW Cunningham...

LE Cunningham and when we talk about Chewy that's...?

DW John Grange...

LE Okay, ugh... how about ugh... Chewy...? What was he...? Was he under the influence of an...? Of anything...?

DW He seemed stoned...

LE Stoned...?

DW Ya...

LE From marijuana...?

DW Marijuana...

LE Okay, ugh... they dropped you off and then they went their separate way...?

DW Exactly... together...

LE And anything else happen that night...?

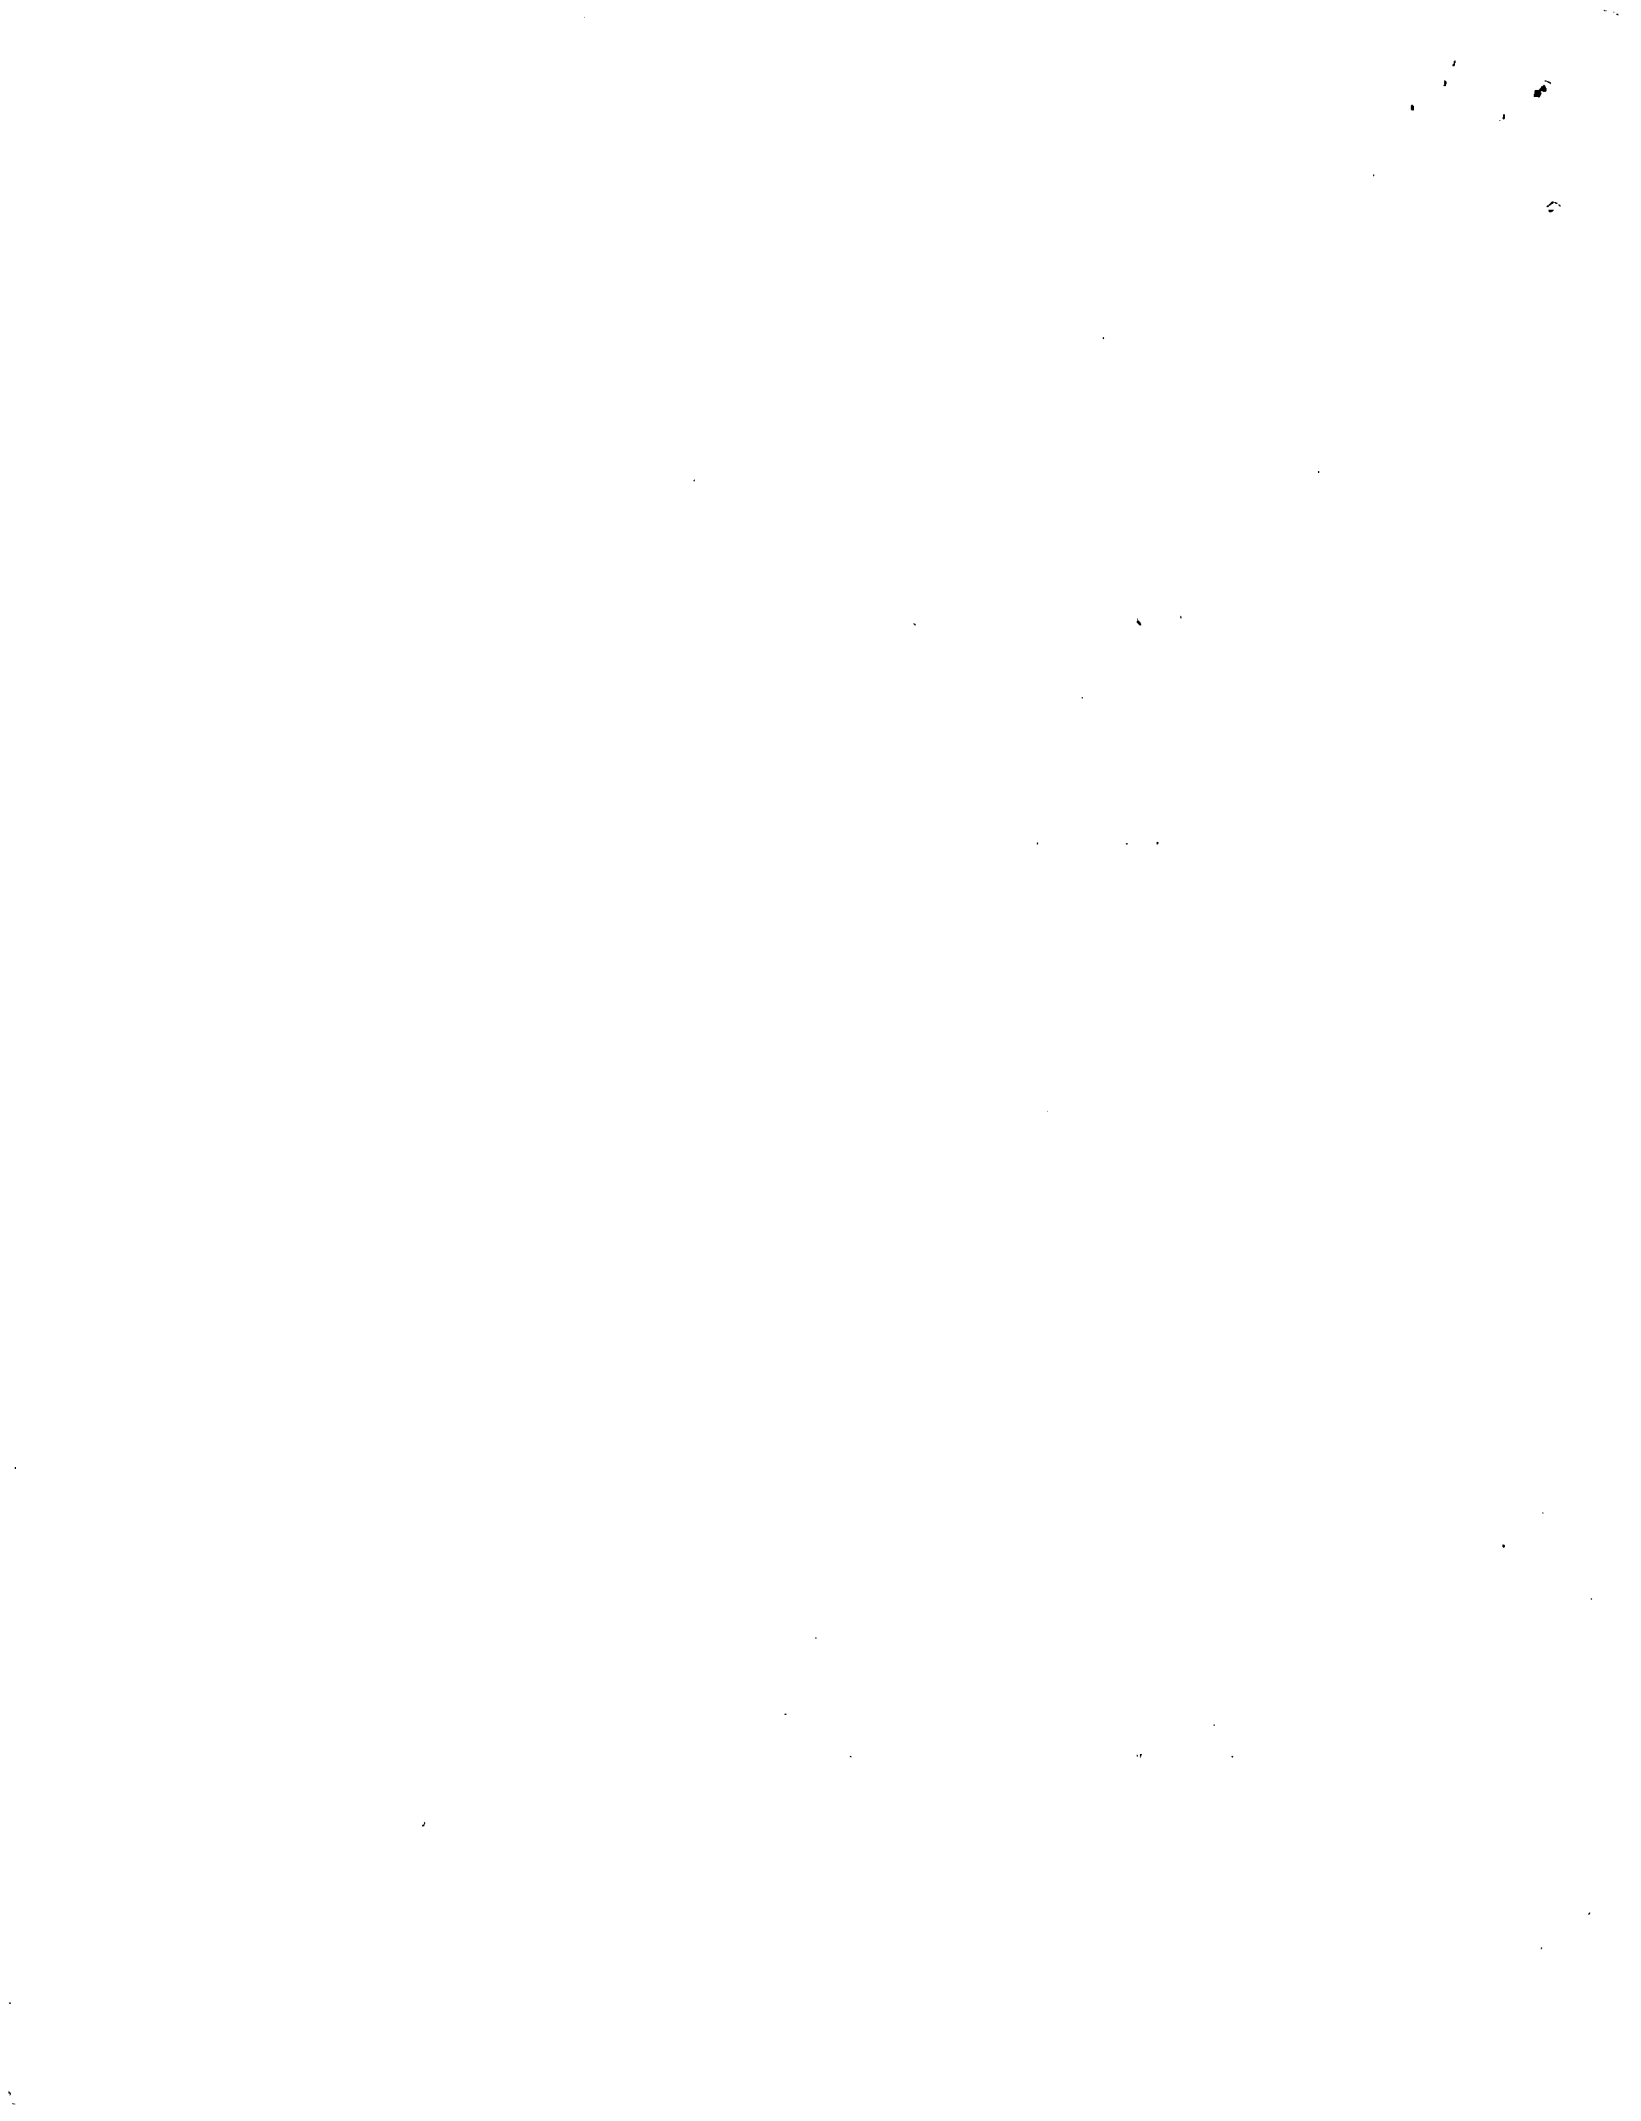

DW No...

LE Okay, ugh... let's move on ta Sunday morning then...

DW Okay....

LE That's ugh... June 11th I believe...

DW June 11th ugh... Sunday morning... got up fairly early ugh... as I try to recall I don't... like I said before I don't remember if I was over at my mother's talkin' to Janelle Saturday morning or it was Sunday morning ugh... it was one of the two

ugh... Chewy and Jeff came over Sunday morning and said they were goin' out to the Barter Fair... that Nick wanted to buy some shrooms the previous night and they were gonna go out to see if he was still there... asked if I wanted ta go...

LE Do you remember about what time that was...?

DW Ugh... that was close to nine in the morning I would believe...

LE Is any...?

DW At my best (Not able to understand—covering over)...

LE Is anybody at your residence...?

DW Ya, my brother was, Jake Cameron...

LE Was he there all night...?

DW No, he wasn't...

LE So he came over...?

DW In the morning...

LE In the morning...?

DW Exactly...

LE What was he doing there...?

DW Ugh... he was playing Play Station video games...

LE Did he hear...? Did he hear any of this conversation...?

DW No, he didn't... took place outside...

LE Okay...

DW Usually meet everyone outside so...

LE Ugh... getting back to the mushroom deal you said the previous night they had mentioned something about mushrooms...?

DW Ugh... Nick had discussed it with Jeff and Jeff was bringin' it up to me...

LE (Starts to say something—not able to understand)

In any event, Done III
this statement says

↓
Tonelle ^{picked up} ~~got~~ Done to Row room - 1:00
(conveys to what Jeff stated)

means he got there at 1-2 (Compare to
D.I., returned to
Colin @ 12-2
p. 899)

DW Sunday morning...

LE Ehh... little more detail about what was said about the mushrooms...?

DW Ugh... well as far as detail goes that Nick said he wanted to buy some mushrooms... he didn't say a specific amount... Jeff didn't to me, but that he wanted to purchase some mushrooms...

LE And he didn't say any amount...?

DW Huh uhh...

LE And ugh... how was Jeff going to get these mushrooms...?

DW Ugh... he was gonna get 'em through Smurf up Moore Road...

LE And would this be normal for him to do this...?

DW Mmm... No, he had tried... attempted that many a times and never came back with anything...

LE So when he told you that did you think that that was normal or abnormal...?

DW Ugh... I thought it was kinda abnormal... I figured well maybe he knew somethin' I didn't know at that point, if he was gonna do that ugh... or I thought well maybe, you know, they're tryin' to cause problems since there is problems with Nick and just get him out there...

LE Okay, ugh... let's go back to ugh... Sunday morning then at nine... you said about nine... Is that what you said...?

DW About nine...

LE That they came over and they were... they were talkin' let's go mo... go on from there...

DW Ugh... basically from there they took off to the Barter Fair... asked if I wanted to go... I said, "No, I was coming out later with Janelle." Ugh... they took off out to the Barter Fair I believe... excuse me... ugh... at that point Janelle came over... I would say probably about noon or one to pick me up ugh... we took off to the Barter Fair ugh... went straight out there... as soon as we pulled in... I didn't bring my wallet... I didn't bring weed I had to sell and various other things I wanted to bring there ugh... as soon as I walked or... going towards the gate, Chewy was walkin' out sayin', "Let's go." And I said, "Well I need a ride home anyway." So he goes, "Well let's go."

My guess

I would name to Heiler too

LE And that was about what time...?

DW Ugh... that was probably about either one forty-five or two... if we left at twelve it was one... if we left at one it was two...

LE Okay, so afternoon...

DW Ya...

LE Within an hour or two...

DW Exactly...

DB What was Chewy's demeanor...?

DW Chewy's demeanor seemed pretty demanding as far as... let's go ugh... I asked where's he's goin' and he said he's goin' back to the cabin and that... on the ride down when we got... jumped in the rig and he said that Nick and them are comin' out that way and that he was gonna threaten 'em ugh... also mentioned that he used to do this before for the family ugh... that he was gonna make sure that he didn't come around my area anymore ugh... make sure that he didn't go visit family just ta pretty much make sure that he didn't come around anymore and bug anybody and knew that he wasn't wanted...

LE Did he say how he was gonna threaten them...?

DW Ugh... no he didn't actually at that point...

LE Did he ugh... mention anything about a gun at that point...?

DW No...

LE Did ugh... during the ride back did he say he was gonna assault them or beat them up or anything along those lines...?

DW I believe that was mentioned as far as physical violence...

LE Why did he want you to go with him...?

DW Ugh... not really sure... I think he wanted to kinda have me goin' on it with him as far as that goes... as far as him threatening 'em ugh... he also basically he did actually mention a gun now I think about it because he asked me if I would... that we should stop by my cabin and get my gun that we'll threaten 'em with...

LE So he wanted you to help him threaten...?

threat is not kill

Carryover p. 785

"nothing that I
can recall"

DW Exactly...

LE N... and who was he gonna threaten...?

DW Nick...

LE Just Nick...?

DW Just Nick...

LE Ugh... anybody else mentioned with Nick...?

DW Ugh... no one was mentioned with Nick...

LE Did he mention that anybody else was gonna be coming over to the cabin with Nick...?

DW He said that could be a possibility...

LE And what did he say about that...?

DW Ugh... he just said that he hopes just Nick shows up...

LE Did he say anything about feelin' sorry for him...?

DW No, he felt sorry for anyone else that showed up... I believe that was said later on in the drive as we got closer...

LE Okay, now he said that he had done something like this before for the family that he was an enforcer...?

DW Mmm hmm...

LE What exactly did he say about that...?

DW Ugh... basically that he collected for the family... people that ripped the family off with... he dealt with ugh... got rid of some people, you know, as far as that... got rid of people that ripped off the family and ugh... basically a collector and stuff like that as far as he was good at findin' people... findin' out where they were...

LE Did he...? When you say, "Get rid of people..." What did...? What did he mean by that or what did you believe he meant by that...?

DW Ugh... I wasn't sure... I mean... part of my thoughts, of course, you hear... "Get rid of someone..." You think exterminate someone which means kill 'em ugh... I wasn't really sure what he meant by that... I wasn't sure if it was all talk at that point or not... I kinda figured it was just all talk...

LE Ugh... and he said this wasn't the first time he's had to do this...?

DW No.

LE And he said he was doing this for the family...?

DW Exactly...

DB And while you guys were on your way over he asked you to go get your gun... what did...? What'd you say to that...?

DW I said, "No... no way..."

LE Did you agree to help him in the threats...?

DW No, I did not...

LE What did you say you were gonna do...?

DW Ugh... I really didn't say anything actually as far as that goes ugh... he wanted me... he wanted to go by cabin to get my gun and I said, "No, this ain't a part of my... this isn't my business... this is your business as far as family business goes".

LE Did he say he had talked to the family and this is what they wanted done...?

DW No, he didn't mention that to me...

LE Was he actin' on his own on this, to your knowledge...?

DW What it seemed to be, ya... deep down I didn't believe he was acting on his own, but because of prior conversations I had with Rob and... I pretty much figured that, you know, there was a reason this was all happening since Rob told me on the phone that I wasn't suppose to do anything and I thought he told Chewy the same, but...

DB Had Rob mentioned somethin' to you prior to this and any time before that about ugh... threats to these guys...?

DW Ya...

Rob threatened Mike's life

DANE LEAVES BY ADMIS66P1!

DB What...?

DW Just ta Nick...

DB What'd he say...?

DW Ugh... he mentioned that Nick wasn't gonna be around any more that he was gonna make sure he was not breathing anymore and that he would t... he was gonna get taken care of through the family...

DB About how long ago was that...?

DW I would say a month to two months prior...

LE And did he want you to assist them in this...? Rob Schultz...?

DW No, absolutely not... he didn't want me to have anything to do with it... wasn't my business...

LE Okay, ugh... so you guys were ridin' back... where do you go...?

DW Ugh... we go to the cabin... Chewy's or Jeff's cabin...

LE Jeff's cabin... and where is Jeff at...?

DW Ugh... Jeff's at the Barter Fair...

LE And to your knowledge what's he doing...?

DW Ugh... he's getting Nick to come out to his cabin...

LE For what purpose...?

DW Ta sell him mushrooms... basically to my knowledge we weren't out there to have them threatened or have the shit beat out of 'em.

LE Okay...

DW And at that point, a lotta, you know, different things were goin' through my head... I didn't know exactly what was being planned ugh... like I said in earlier when I talked to you... it wasn't really a reality as far as killing... I didn't believe that he was actually gonna kill these guys...

LE Did you believe it was a possibility...?

DW I believe it was a possibility, yes...

← comment w/ idea that Jeff is having Nick out to kill him

Sees John park car ~~at~~ on the side
of the Iron Creek Cabin

" Compare w/ 899, says he
witnesses Chevy car parked "

(I.e., in his 1st statement (899)
he does not admit John took him
to Iron Creek Cabin in first statement)

LE Okay, ugh... you guys get to the cabin... do you park the car in a normal location...?

DW No, the cabin was parked on the ugh...

LE The cabin...? The vehicle...?

DW I mean the vehicle... excuse me... the vehicle was parked on the side of the cabin... opposite side of the stairs... hidden ugh... outta sight of the front of the view of the cabin...

LE So you...

DW As far as pulling in...

LE You were with him when he parked it there...?

DW Yes, I was...

LE Did you ask him why he was parking it there...?

DW No, I didn't...

LE What was the reason you believed he was parking it there...?

DW To hide it outta sight so Nick didn't know he was there...

LE Could it be seen from the front of the cabin...?

DW No, not from the angle of the driveway where you pull in...

LE What did he say was gonna take place then...?

DW Ugh... he said he was gonna threaten 'em... said he was gonna hid in the basement under the cabin...

LE Did he say... "In the basement or did he s... specify exactly where or...?"

DW Ugh... he just said, "Under the cabin".

LE Under the cabin...

DW But I pretty much knew where he was gonna go...

LE And ugh... he had mentioned his gun at some point during this...?

Starting point for

impediment

(Driving back from Benca
Fair Sunday -

his story now grossly
diverges from first

Never said any thing about that in
1st account

Why do you need 2 guns to threaten him?

DW Ya, in the conversation down... driving down he said, "Well why don't we go over to get your gun so we'll have two guns to threaten 'em with so nothin' 'll happen..."

LE So you...

DW As far as that goes...

LE You expected him to be getting his gun...?

DW Yes...

LE Where was his gun normally kept...?

DW Upstairs ugh... in the sheet rock... there's holes in the sheet rock... he usually hid it in the holes of the sheet rock...

LE Was it normally kept loaded or unloaded...?

DW Loaded...

LE And ugh... do you know where the ammunition was kept...?

DW No, I don't...

LE So if he was to get the gun, it would be ready to fire...

DW Immediately...

LE But he would have to go clear up to the second floor of the cabin...?

DW Exactly...

LE Okay, ugh... did you see him go get his gun...?

DW No.

LE What did he do when you guys got out of the car ugh... what happened...?

DW Ugh... he got out of the car... said he was gonna go under the cabin... I took off down the road decided to watch out... he said, "Go down and make sure there's no cars comin'... anything like that." So as I went down there the dogs followed me down to the road ugh... as soon as I got to the road ugh... a gentleman pulled up with his kid ugh... in a white Toyota Pickup... Asked me, "Am I okay...?"

You know, "What's goin' on...?" I said, "I'm fine... I'm just walkin' these dogs." After he left, I jotted over to my cabin ugh... in a quick manner...

LE Why...?

DW As far as that goes ugh... I didn't wanta be around for it at that point... I was scared...

LE Scared of...?

DW Of what was gonna happen...

LE Okay...

DW I had different thoughts goin' through my head...

→ LE So you ran back to your cabin ugh... or at a quick manner...

DW Ya...

LE Ugh... how long did it take you approximately to get back...?

DW Ugh... twenty to twenty-five minutes...

LE Ugh... about what time you think it was when you got back to your cabin...?

DW Either around two thirty or three thirty...

LE Okay...

DW In the afternoon...

LE And when you left the cabin, was anybody else there at the cabin...?

DW Ya, my brother was...

LE A... at the Crown Creek cabin...?

DW No, he was at the... my cabin...

LE Okay, who was at the Crown Creek cabin when you left...?

DW Chewy...

LE And he was the...

DW Just Chewy...

LE Only person there...?

DW He was alone ugh... as soon as I left goin' down with the dogs I did hear footsteps up on the porch as far as someone running around ugh... it seemed more than walking as far as that goes... it was loud... you can hear the whole porch creak...

LE Now did you believe that was somebody else or...?

DW No, I believe it was Chewy, cuz he was the only one there...

LE And when you talk about...

DW That I knew of...

LE The porch on the cabin you're talkin' about the ugh... the main level porch...?

DW Mmm hmm...

LE The large...?

DW Ya...

LE Walk around porch... okay... so he was... you heard him up on at least... on the main...?

DW Yes...

LE Level of the porch... and he was... it sounded to... to you like he was running or walking fast...?

DW Ya, it sounded... a quick movement...

LE Okay, ugh... what was his demeanor at the time when you left to walk down to the road...?

DW He seemed excitable... really excited ugh... just kinda antsy...

LE Okay, what did you do when you got back to your cabin...?

DW I grabbed my shotgun and I loaded it... I was gonna take it over there ugh...

LE Why...?

Never said he thought
that there would be killing

Got to cabin
~ 4:30

DW Ugh... I wasn't really sure why... I was kinda worried in a way that... after everything I've heard that he might kill 'em and I thought about it and I thought well maybe he won't ugh... you know, if he does shoot 'em maybe he'll come over and shoot me... he might come over and kill my brother, you know, who knows... I know about what's goin'... if it goes down in the worst way I can think of, you know, I want some protection basically for myself ugh... then I thought to the point of... well he ain't gonna do that... he's just gonna threaten 'em cuz I've had a talk or two about 'em before that I don't want nothin' goin' on in my neighborhood basically in my back yard next to my parents so I decided to leave the shotgun...

LE What was the shotgun gonna do for you...?

DW I wasn't sure at that point ugh... protect me basically if I had to...

LE Okay, so you didn't take the shotgun but you said you went back over there...?

DW Yes, I went back over to the Crown Creek cabin...

LE Why did you go back over...?

DW Ugh... to see what really gonna happen... to see what happened... I figured what was gonna happen already did happen...

LE How long did it take you to get back...?

DW Ugh... twenty... twenty-five minutes...

LE You...

DW Probably a little less that time...

LE Walked, ran, jogged...?

DW I ran...

LE You ran...

DW I ran, ya...

LE Okay, you know about what time it was when you got back...?

DW It had to be around four thirty... four o'clock somethin' in there...

LE Late afternoon...?

DW Ya, late afternoon...

LE And when you came back what did you see...?

DW Ugh... when I came I took the first old driveway off Crown Creek Road...

LE And where did that come out at...?

DW Ugh... it came out right by the A-frame on the back side of the cabin where the ugh... bronco was parked... Chewy's Bronco...

LE And what could you see from there...?

DW Ugh... When I walked up first thing I saw was Nick and Josh...

LE And where were they at...?

DW Standing in front of the fire side by side...

LE Now when you talked about the fire ugh... there were several fire pits up there... which, specifically which pit...

DW At the bottom of the stairs...

LE Towards the front of the house and how were they positioned by the fire...

DW Ugh...

LE Pit...?

DW With me walking up towards the house, Nick was the closest person to me and Josh was on his right... right next to him...

LE Did you know who Nick was previous...?

DW Yes...

LE Did you know who Josh was...?

DW No.

LE Did you recognize Nick...?

DW Not at first...

LE Did he recognize you...?

No Plywood sheet,

DW Ya...

LE What was their reaction to see you walkin' up...?

DW Ugh... Nick seemed surprised... I came in, "What's up?"

LE And what was your reaction to seeing them...?

DW Ugh... kind of in shock that nothing had happened...

LE Okay...

DW Kinda wondering what was gonna happen... what's goin' on....

LE How did you know nothing had happened...?

DW Ugh... because I noticed they were sittin' there happy ugh... they, you know, they weren't threatened at that point... that had... they weren't beat up... nothing had happened as far as Chewy threaten them or jumpin' on 'em or beatin' on 'em or killin' 'em or anything...

LE Okay, did you see Chewy at any time walkin' up...?

DW No, I didn't...

LE Did you notice if ugh... he was in the basement...?

DW No, I didn't...

LE Did you notice...? Was there a plywood sheet covering the basement...?

DW No...

LE Door...?

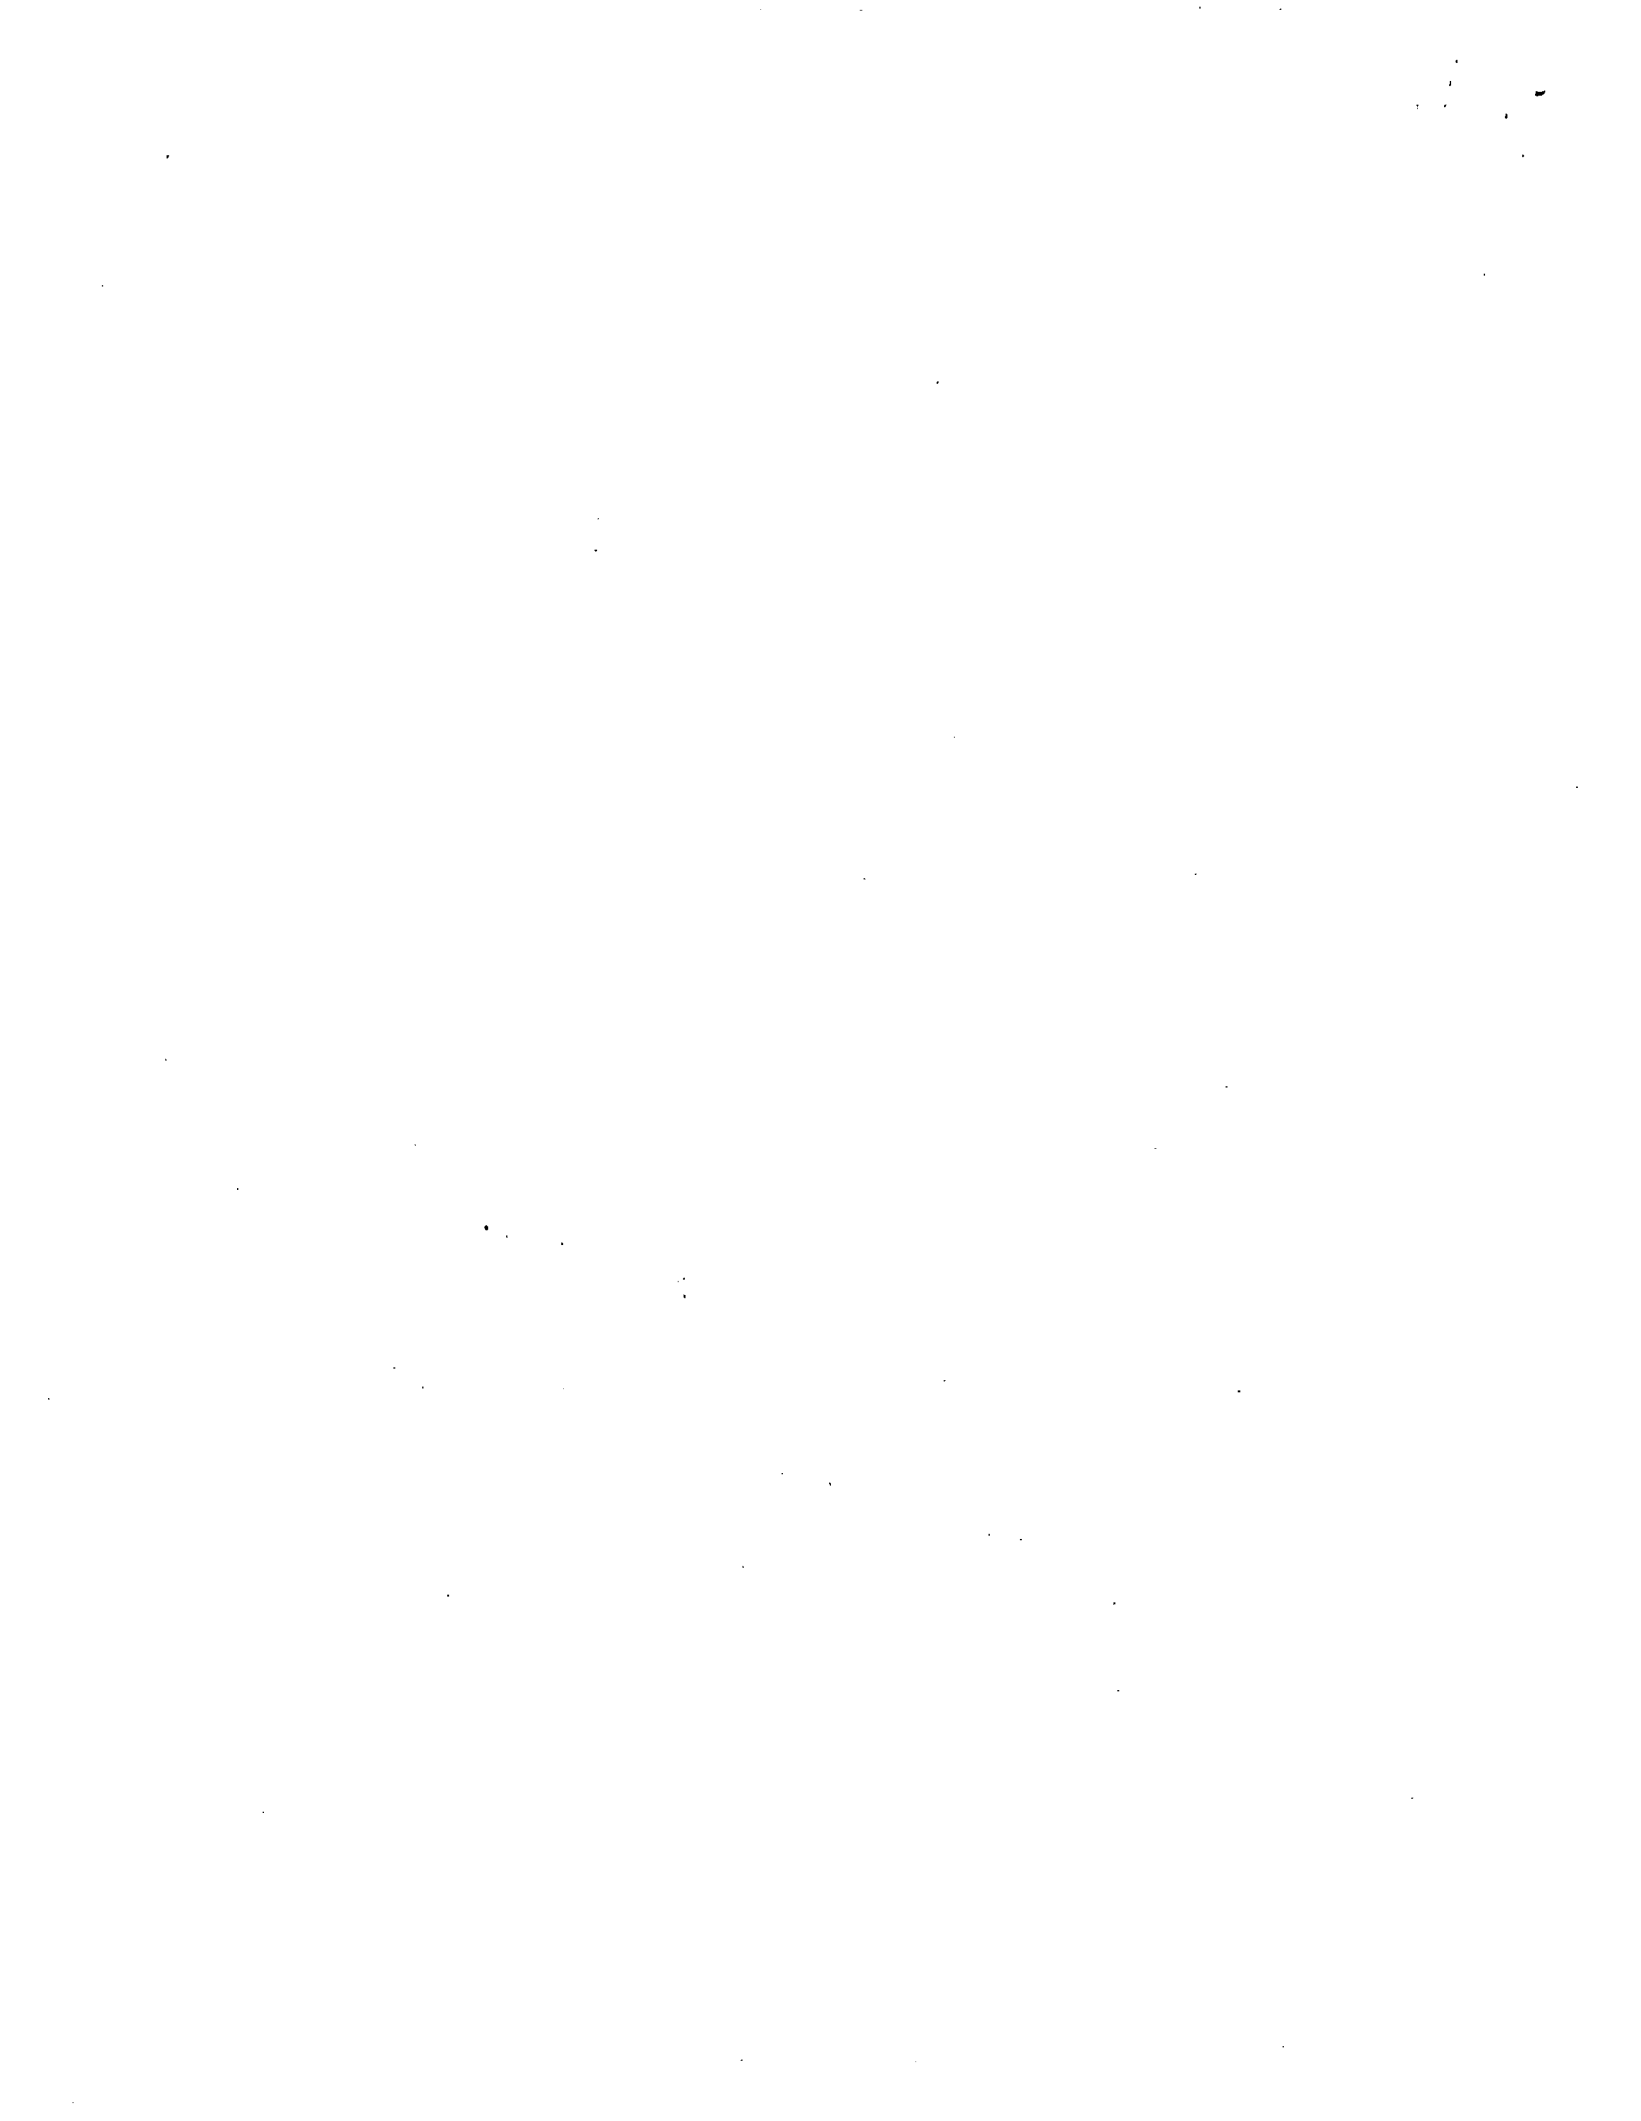

DW I didn't notice... I didn't even look over...

LE Ugh... but you expected him to be in there...?

DW Ya...

LE Did you see Jeff...?

DW Yes, I did...

LE Ugh.. When you walked up...?

DW Ya, Jeff was walkin' down the steps...

LE Did you see ugh... any other vehicles...?

DW No.

LE Ugh... where...? How did they get to the Crown Creek cabin...?

DW In Nick's Bronco...

LE Where was it at...?

DW It was down below parked behind the ugh... old yellow van...

LE Down by the garden...?

DW Yes...

LE Was that a normal place that somebody would park...?

DW Ugh... not usually... usually they pull right up in front...

LE So that would be normal or abnormal...?

DW That would be...

LE To park down there...?

DW That would be abnormal to park down there unless no one... if no one's down there by the garden you wouldn't usually park down there and when you come up the driveway you can look past the van and see if anyone is in the garden usually...

LE And ugh... go ahead as far as what happened then as you walked up...?

DW Ugh... As I walked up, Jeff glanced over me ugh... glanced over and looked at me while he was walkin' down the steps... he seemed surprised to see me ugh... a look of confusion, I guess, on his face and he nodded towards down there as they turned to look at me... he got down off the steps, started walkin' towards me, and I don't remember if I said, "Come down this way." But I know he pointed down towards the creek as far as that goes...

LE Was he carrying anything...?

DW Ya, he was carryin' a pan... I believe he asked me if I wanted to eat dinner also...

LE Did you talk to anybody else at that time...?

DW I didn't...

LE Did you say anything ta Nick or Josh...?

DW Ugh... Nick said, "Hey, what's up?" I said, "Hey, how ya doin'?"

LE Nick... Nick recognized you...?

DW Ya... it took me awhile... I recognized him as soon as we started walkin' down there after he... I heard his voice...

LE Okay, so Jeff's carry the pot... you guys talk briefly ugh... go on from there...?

DW We talked briefly... we started walkin' down ugh... towards the water... the creek that is... to get water and ugh... conversation took place... he basically asked me, what was goin' on...? I asked him what was goin' on? You know... ugh... I told him I thought Chewy was under, you know, the building and that, you know, somethin's gonna happen ugh... basically we were both questioning each other all the way down...

LE What was Jeff's demeanor...? Was he happy, sad...?

DW Nervous...

LE Upset... nervous...?

DW Nervous...

LE Ugh...

DW He... I believe he wasn't sure what was gonna happen... I mean, I think we both had an idea of what could happen and what might happen, but it wasn't real as far as real to us that we were for sure exactly that these two gentleman were gonna be killed...

LE Was it ever mentioned...?

DW No...

LE Did you ugh...? He was carrying the pan to do what now...?

DW Get water for ugh... food...

LE And did you get the water...?

DW No, we didn't...

LE Did you make it down to the creek...?

DW Not all the way..

LE How far did you get down...?

DW We got down just past the garden where the trail starts to go to the creek. I believe we walked down maybe about four or five footsteps past the fifty-gallon drum...

LE You could see the creek from there...?

DW Ya...

LE And then what happened...?

DW Ugh... we sat and waited ugh... think we still had a brief discussion about what was goin' on, you know, is he gonna threaten 'em... this and that and ugh... we sat and waited for awhile...

LE About how long...?

DW For somethin' to happen...

LE About how long...?

DW Ugh... Probably a little over five minutes...

LE And then what...?

DW Ugh... then we heard gun shots...

LE Do you know how many...?

DW Ugh... he emptied an entire clip. I believe the clip was nine shots ugh... we heard at least four to five... maybe three to five quick gunshots right outta the gate and then we heard the rest of 'em so...

LE And ugh... then what happened...?

DW Ugh... As soon as we heard the first round a gunshots we started for the cabin... Jeff took off at a dead sprint... he was hobblin' up the hill ugh... I was behind him ugh... as soon as we got turned around... we were goin' up the hill... we were up the hill a ways and then we saw Chewy come into basically our focus and Chewy was standin' at the top of the hill and Jeff came runnin' up to him... Chewy's... Chewy looked at Jeff... said, "Come on." And waved the gun backwards...

LE He was holding the gun...

DW Ya...

LE And you recognize this gun to be his gun...?

DW Yes...

LE Ugh... how much time passed from the first shot to the last shot would you estimate...?

DW Seconds... ugh...

LE Two seconds... ten seconds... thirty seconds...?

DW Maybe about five seconds at the most... that might be even too much...

LE Okay, and how long from the last shot until you were able to see where Chewy was at...?

DW About thirty seconds...

LE So possibly up to a half a minute from the last shot until you saw him...?

DW Possibly ya...

LE And he was facing which direction when you saw him...?

DW Ugh... he was facing towards us... looking straight down the hill...

LE Ugh... would you estimate that he had time from the time he shot the last shot to walk around before you guys saw him...?

DW Ya...

LE Wh... did he look like he was expecting you guys...?

DW Ya, he did actually...

LE To come up umm...

DW And also...

LE (Not able to understand)...

DW Is another reason that I believe he was under the cabin is... he must of heard the conversation take place for us to go down towards the water and come back up cuz he was looking over the hill like he expected us to be down there...

LE Like he knew you were there...

DW Exactly...

LE Ugh... so you're running up the hill behind Jeff...?

DW Mmm hmm...

LE Jeff gets up there first where Chewy's at...?

DW Yes...

LE Okay, why don't you go on from there...

DW Ugh... He says, "Come on". Points the gun backwards... I get up to where Jeff was standing as soon as he had talked to... or Chewy had talked to Jeff... I jumped up to the top of the hill... glanced... looked over... saw Josh Schaefer's dead body turned around and said, "I'm gonna go look out on the road". Ugh... took off towards the road ugh... I'm not even sure if I made it over the bridge or not ugh... did a turn around, came back up ugh... at that point, they were pullin' the bodies up the hill... Chewy was further up the hill than Jeff ugh...

LE Okay...

DW I ran up to Josh's body ugh... attempted to grab a leg, picked it up and dropped it... took off again...

LE Okay, let's...

DW Down towards the garden....

LE Let's back up here just a second ugh... I want to clarify that you heard the gunshots...?

DW Yes.

LE Did you see Chewy shoot him...?

DW No.

LE Did ugh... he... he was holding the gun when you got up there...?

DW Yes.

LE Did he admit to you, at that time, that he had shot them...?

DW No, he didn't admit it...

LE Was there anybody else present at the cabin...?

DW No.

LE Was there any other guns at the cabin that you were aware of...?

DW Not that I was aware of...

LE Okay, ugh... now you say you ran down towards the bridge ugh... is that down past the garden...?

DW Yes, it is...

LE To the... that's towards the east...?

DW Mmm hmm...

LE Back down towards where you were down there with the pot and Jeff earlier...?

DW Ya...

LE In that same vicinity...?

DW Ugh... to the right...

LE More towards the south...

DW Yes, more towards the south...

LE Okay, and how long were you down there...?

DW Huh... musta been... boy, I... a couple a minutes maybe...

LE Okay...

DW Two... three minutes...

LE And then ugh... you came back at that time...

DW Mmm hmm...

LE What was your reason for comin' back...?

DW Ugh... when I got back down there I was thinkin' a splittin'... just takin' off... goin' back to my cabin and gettin' away from the whole scene ugh... then I thought about it... what if...? You know, what if their gonna shoot me ugh... he asked Jeff to come on... he didn't ask me... what if he's leavin' this, you know, leavin' me out of it for a reason... I was in fear for my life so I thought I would go up and be... get more involved in it to the point where he felt safer for me to be around I guess...

LE Okay, and so when you did return you saw ugh... Chewy dragging a body...?

DW Yes...

LE And did you see who he was dragging...?

DW I didn't see who he was dragging, but it was Nick because Jeff had Josh's body draggin' it...

LE In which direction was he dragging him...?

DW Ugh... up the hill...

LE Away from the house...?

DW Yes...

DB Or...

LE Okay...

DW Up directly above the fire pit...

LE And where was Josh at...?

DW Josh was bein' drug a little bit lower just past the fire pit...

LE By...?

DW Jeff...

LE Jeff... and did... How did you know they were dead...?

DW Ugh... they weren't moving... I saw Josh's head... he had gunshot holes in his head...

LE You could see the holes or...?

DW Ya...

LE You could see blood or...?

DW See blood and holes...

LE In the vicinity of the head...?

DW Yes...

LE And could you see any other signs on their body... wounds...?

DW Mmm... no...

LE How about...?

DW Just in the head...

LE How about on Nick...?

DW And shoulders...

LE Could ya see...? At that point, could you see anything...?

DW No, I never even saw Nick...

LE Okay, ugh... so now you... you dropped the leg and then ran back down the hill... you were... when you picked up the leg, what was your intent there...?

DW Was gonna help him...

LE And what were they doing with the bodies...? Where were you gonna help...?

DW They were just draggin' 'em out... out of the way of the driveway... outta sight...

LE And you ran back down the hill back towards the bridge...?

TSB Leave Truck (Bunco)

DW Ya...

LE And what happened then...?

DW I was gonna leave at that point ugh... I was down at the garden at that point ugh... not long after that heard the truck start up ugh...

LE The truck...?

DW Ugh... Nick's Bronco down by the yellow van...

LE Okay...

DW Saw it back out and ugh... heard it go up the hill... at that point, I took off to the bridge ugh... stood on the bridge kind of in shock wondering what I'm gonna do at that point, whether I'm gonna take off or not... sat there for quite some time...

LE Approximately how long ugh...?

DW I would say probably a little over five minutes...

LE Okay...

DW Ugh... at that point, I took off back up to the cabin ugh... still in shock... not wonderin'... just kinda the same thoughts as I had before not knowin' what was gonna go on ugh... you know, wonder if they're gonna... I didn't know what I was doin' ugh... ran back up... at that point, I had seen Chewy having, I believe it to be at the time, Nick draped around his shoulder ugh... wrapped in a blue ba... blanket carryin' him down the hillside from where he drug 'em...

LE Okay, where was a Jeff...?

DW I don't remember...

LE The vehicle was parked where...?

DW Ugh... right inside the steps...

LE So Nick's bronco was right beside the steps ugh... little bit south...?

DW (Not able to understand)...

LE Of the firepit...?

DW Ya...

Back door open,
folded down

LE And w... doors, windows, anything like that open...?

DW Mmm... the back door was open... folded down...

LE Of the bronco...?

DW Ya...

LE And where was ugh... Josh's body...?

DW I believe Josh's body was in the vehicle... it was in the vehicle...

LE You could see it...?

DW Yoouff... I don't remember glancing in the vehicle at that point... all's I remember, at that point, is seeing Chewy with the body... that's the first think I remember seeing...

LE Okay, what happened from then on...?

DW Ugh... that's the part I don't remember... I don't remember seeing Chewy load the body in the vehicle ugh... but he had to 've ugh...

LE Who drove the vehicle up there...?

DW Jeff...

LE How do you know that...?

DW Cuz I was with him...

LE When he drove it up from down by the van...?

DW No... up the hill (Covered over by LE—not able to understand several words)...

LE When the... when the... Nick's bronco was moved from down below and moved up the driveway by the firepla... pit... who drove that up there...?

DW I'm not sure... I believe it to be... I believe to be Jeff... the reason I believe that is cuz I don't think Jeff's strong enough to be able to pick Josh's body up...

LE Okay...

DW And they were l.... loaded awfully quick... I mean, as far as my common sense goes from me... the time I was down there at the bridge an the time the truck was

moved up and the bodies were loaded and by the time I got up there... one body was already loaded and the other one was on its way in...

LE Okay, the bodies are loaded... what happens then...?

DW Ugh... Chewy asked... told us to go bury the bodies... "You guys are gonna go bury 'em". Jeff jumps in and starts the rig... I jump in the passengers seat ugh... turned around and looked and see Nick's head...

LE Did you guys have to load up any tools to do this...?

DW Yes, I grabbed a shovel and threw it in the back... Jeff grabbed a pick axe...

LE Where'd ya get those from...?

DW Ugh... right in front of the cabin...

LE What other things do you see in the vehicle...?

DW Ugh... just see Nick's head... that's all I remember... turn around and see him when I turned around...

LE Okay, any other items...?

DW No.

LE Okay...

JC Ugh... when you... you said that the back end of Nick's vehicle opened up...

DW Mmm hmm...

JC Okay, the tailgate or...?

DW The tailgate...

JC And it was... it was functional...?

DW It was folded down...

JC Okay, all right...

JC Okay...

LE Okay, so you grab a shovel and Jeff grabs a pick and what do you do with 'em...?

DW Throw 'em in the back...

LE Through the back window...?

DW Ya, back...

LE Is it up or down at that point...?

DW It was up at that point...

LE The tailgate or the window...?

DW Tailgate...

LE The window was down...?

DW Ya...

LE And who drove...?

DW Jeff...

LE And where did you sit...?

DW I sat in the passengers seat...

LE And again what did you see when you sat in the passenger's seat...?

DW Nick's head...

LE Where was it at...?

DW Ugh... it was leaned up against the passenger's seat...

LE And did you...? Could you see any wounds or anything at that point...?

DW I seen blood coming down off his chin on his neck... I don't remember seeing the actual wounds... I didn't glanced long enough and when I glanced I didn't notice...

LE Okay, so you guys are in the vehicle... Jeff's driving... what happens...?

DW We take off ugh... up the hill ugh... at that point, I'm just tellin' 'em to hurry up... "Let's go... let's get this done... let's get rid of the vehicle..." ugh... we went up the road probably about... I would say probably five hundred yards he wanted to stop there and start diggin'.. I said, "No, let's keep goin'..." Ugh... we kept goin' where there was a turn and there was an old grown over road... I said, "This is fine... park it here." Ugh... We jumped out of the vehicle... jumped down the hillside and started diggin'...

LE What was your conversations ugh... while you guys were drivin' up there...?

DW Ugh...

LE Was there anything particular...?

DW I was yellin' at him to hurry up umm... "let's go... let's go... let's go..." ugh... basically how wrong this is ugh... kinda in that nature... just kinda frantic...

LE What was Jeff's demeanor...?

DW Conversation... he didn't really say much of anything...

LE Was he calm...?

DW No.

LE What was...?

DW He seemed upset...

LE Was he yelling...?

DW (Not able to understand)...

LE Crying...? Screaming...?

DW He seemed on the borderline of crying... he was wellin' up...

LE Okay, ugh... so you find the spot ugh... what happens...?

How comment is this w/ William asking
Rob about getting paid? (Jill, p. 2671, -2)

DW Ugh... we jump out... I start frantically diggin' in an area... Jeff was right beside me digging ugh... after that we dug for pre... maybe... I don't know... maybe five minutes at the most...

LE What tool did you use...?

DW I believe I used the pick...

LE And what did Jeff use then...?

DW Shovel...

LE And as far as the location you found... was it on a hillside where there was a... a... a slope...?

DW Ya...

LE And as far as relationship to where your hole... where you were digging compared to where he was digging... was yours further up the hill on the high end or were you below...?

DW On the high end...

LE Jeff...?

DW Towards the hill... closest to the hill...

LE So you were higher or closer to the vehicle...?

DW Yes...

LE Than Jeff was...?

DW Mmm hmm....

LE So you dig for five minutes and what happens...?

DW Ugh... I drop the pick ugh... run up to the vehicle... at that time I believe I was gonna attempt to take the bodies out ugh... open the door, kinda look down, and shut the door and said, "Let's go... we're outta here... we're not gonna do this... this has nothin' to do with us... we didn't do this... in the vehicle... we're just gonna go park this thing and get rid of it."

LE Okay, what happens then...?

DW Jeff agrees ugh... jumps up... I believe we both threw the tools in the back and headed up the hillside...

LE How far up the hill...?

DW Ugh... probably a mile an a half to two miles... maybe a little more...

LE And when did you decide to stop...?

DW Ugh... we came up to a clearing... old loggin' road ugh... they just logged the previous year and I just said, "This is fine. Let's just park it here. Let's get outta here."

LE And did you just leave it there in a opening in a clearing...?

DW Mmm hmm...

LE Did you try to disguise the vehicle in any way...?

DW No.

LE Did ugh... you try to make sure that it couldn't be seen easily from the roadway...?

DW No.

LE Okay...

DW Wasn't thinkin' about anything like that...

LE Ugh... were you worried about fingerprints or any evidence at that point...?

DW I wasn't thinkin' about any of that...?

LE Okay, so ugh... Jeff was still driving at this point...?

DW Yeah...

LE And so you guys parked the vehicle... What happens then...?

DW Ugh... at that point, we jump out... I was just tellin' him, "Let's go... Let's just get outta here." Ugh... at that point, he popped the back of the seat open... the drivers side ugh... got the new hose... unraveled that...

LE Where'd that hose come from...?

DW Ugh... it came from inside the vehicle...

LE Did you guys put it in there...?

DW No...

LE It was a new hose in a wrapper that was already in the vehicle from...?

DW Yes...

LE Nick and Josh?

DW Exactly...

LE Okay, wh... then what happens...? He grabs...? After...?

DW He grabbed a hose...

LE He grabbed a hose...?

DW Ugh... stuck it in the gas tank... I believe he was gonna siphon gas which he tried to attempt to do ugh... tried it for just a... I believe a few seconds... it wasn't working of course and then he grabbed the shovel out of the back ugh... tried to cut the hose ugh... the hose wouldn't cut... at that point, I was still tellin' him, "Let's go. Just forget about it... this ain't gonna work..." ugh... at that point I took the shovel... tried to do it myself... tried to cut the hose... I couldn't cut the hose at all... Said, "Forget it... Let's just get outta here."

LE Did you try to siphon...?

DW No, I didn't...

LE Ugh... whose decision was it to siphon gas and what was the purpose of that...?

DW Ugh... Jeff's I believe to cause an explosion... get gas in the vehicle...

LE Okay, so that didn't work and...?

DW No.

LE Then what happened...?

DW Ugh... at that point, he got in the vehicle ugh... not in it physically, but basically his hands in the vehicle and went through their binders on one side... went to the other side, flipped the seat open, went through that ugh... found a few dollars and some change... put in his pocket... at that point, I was yellin' at him... getting

farther away from the vehicle ugh... also pulled out some rum ugh... I didn't see the bottle at the time... I just saw him stuff a sack in there and try and light it...

LE S... sack in where...?

DW Ugh... in the gas tank...

LE And he tried to light the gas tank...?

DW Yes.

LE Did that work...?

DW No...

LE Did he get the bag lit...?

DW No, not that I saw...

LE So then what happened...?

DW Ugh... at that point, I was quite a ways away from the vehicle at that point and screaming at him frantically... "Let's just go... I'm leavin' ya... Let's just go..." And at that point, he took off with me...

LE And in his possession then he had some change or dollars ugh... the rum bottle... anything else that you knew of that he had taken or that you observed him take...?

DW Ugh... Not that I observed him take...

LE Okay...

DW No...

LE Do you remember about what time this would be now...? Was it late afternoon...? Was it dark...?

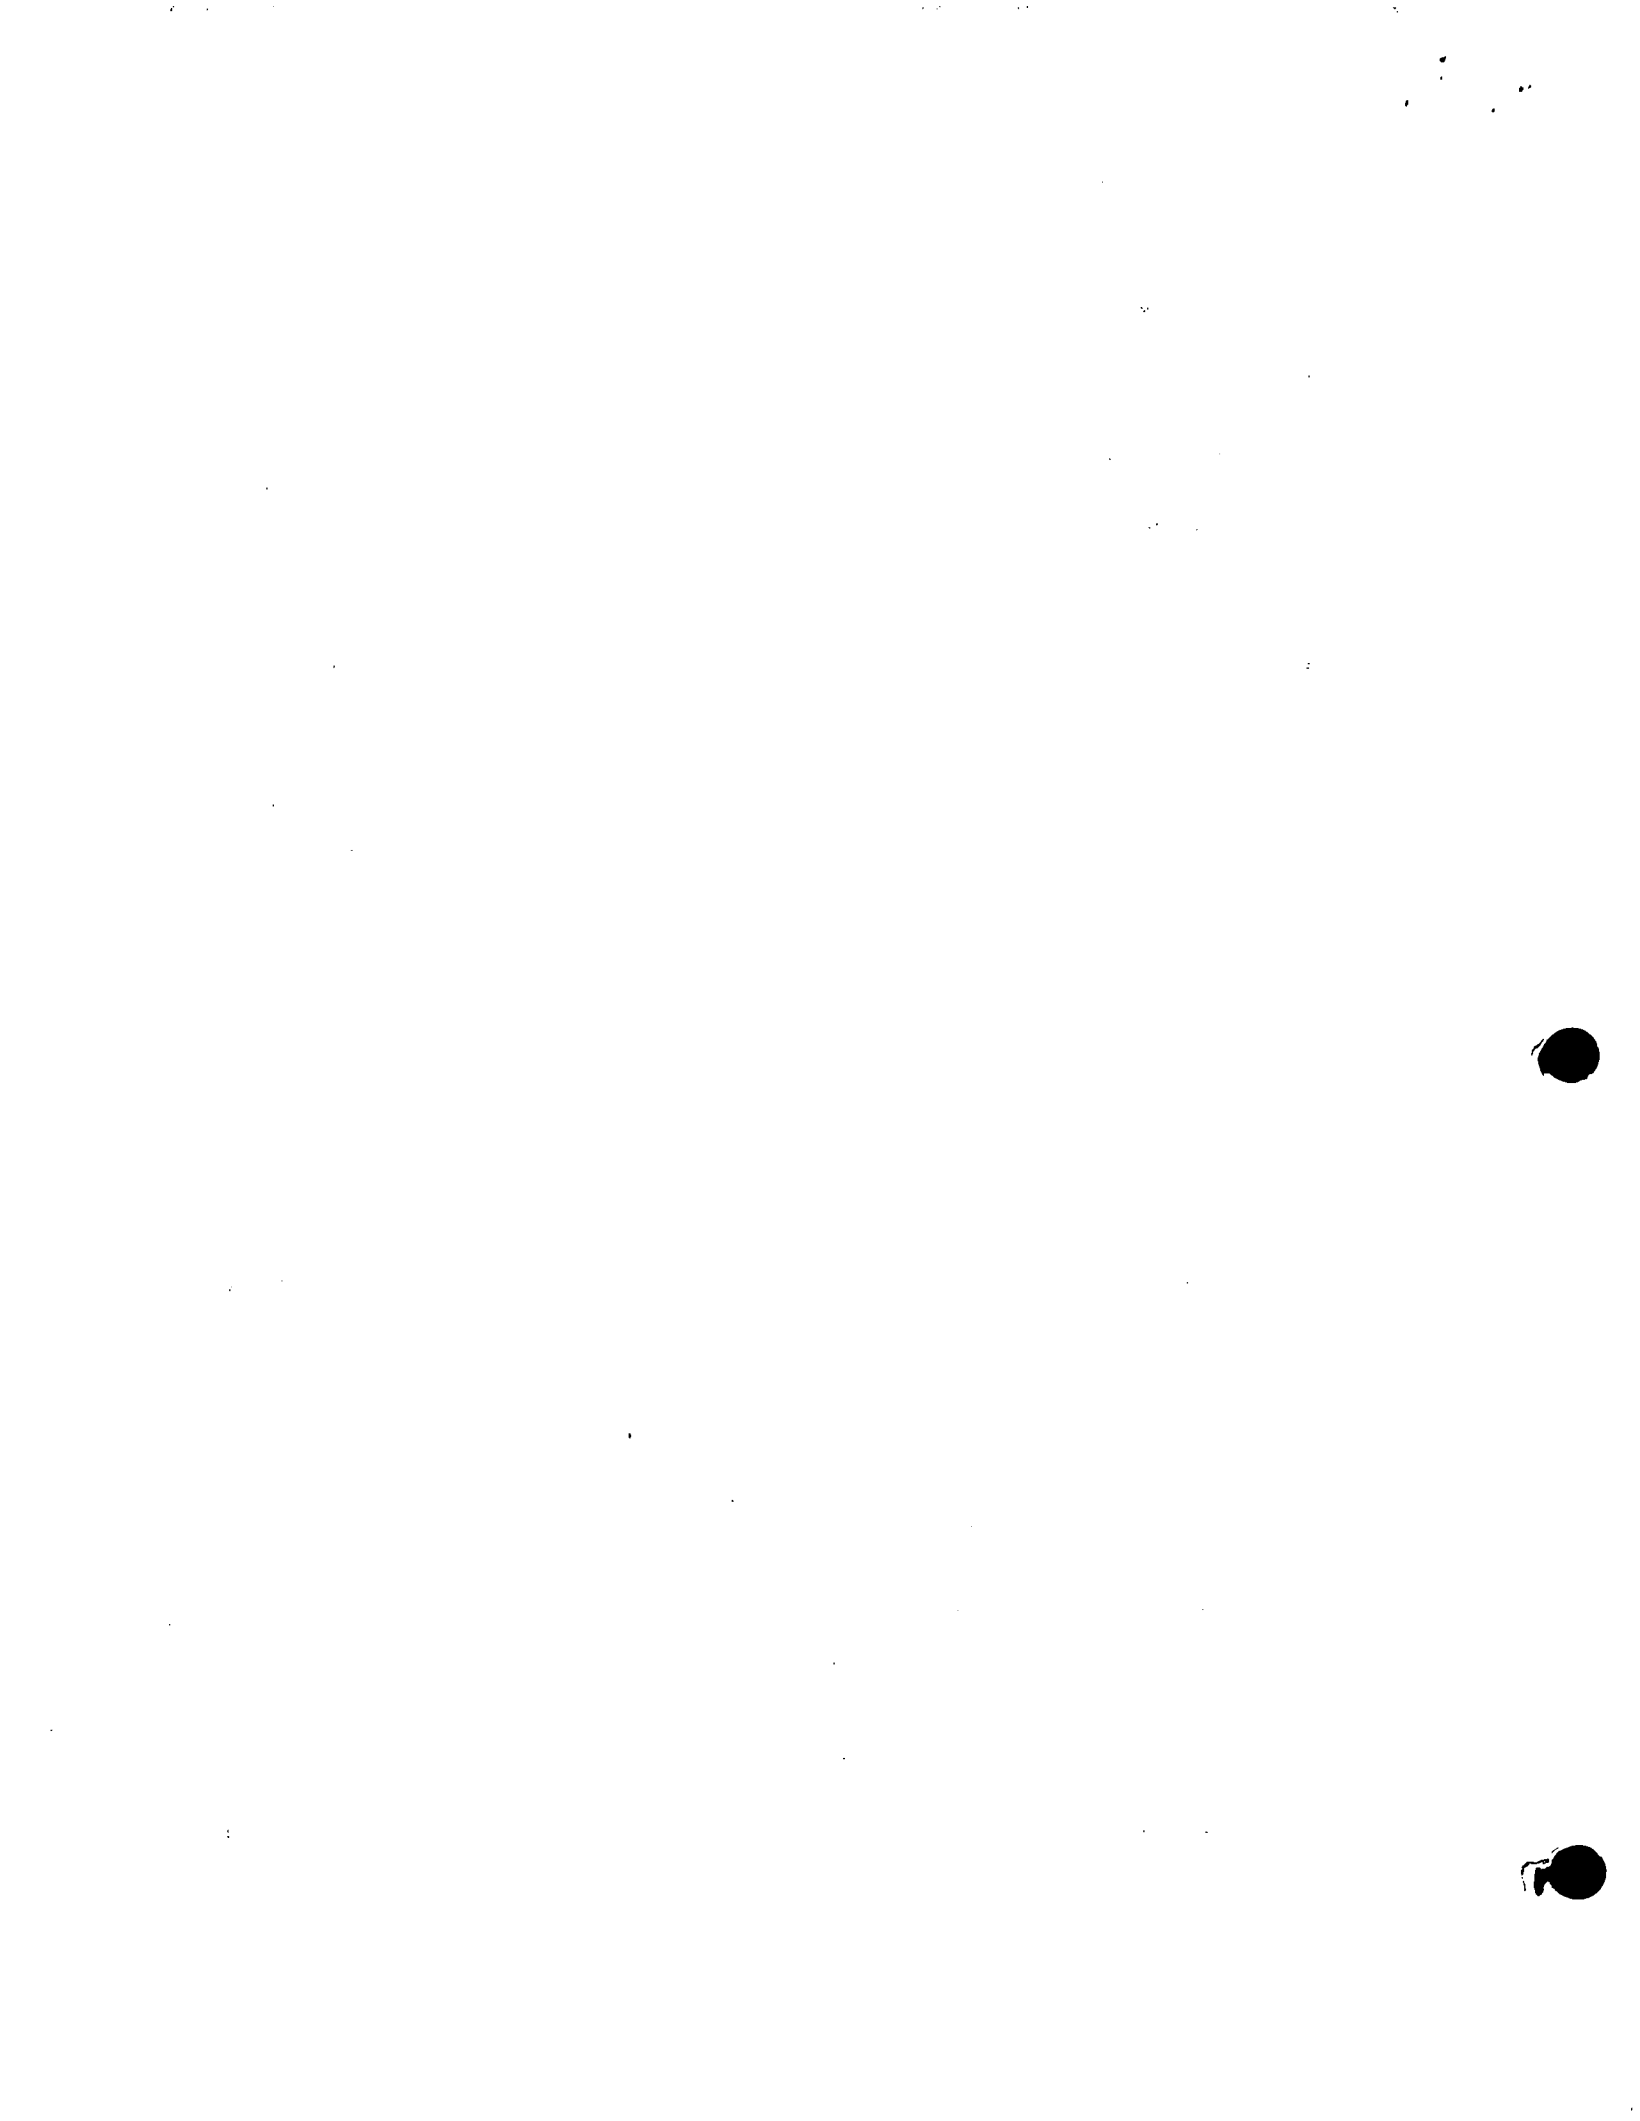

DW It was dark...

LE Dusk...?

DW It was late afternoon getting towards dusk... not quite...

LE Okay, so you guys leave the scene there and you do what...?

DW We take off down the hill...

LE Running, walking...?

DW Ugh... walking pretty fast ugh... at first fast for awhile we slowed it down and just walked at a normal pace umm... at that point, I was pretty much freakin' out ugh... flipped out about the whole thing ugh... couldn't believe Chewy did that basically you know, does he always do this kinda thing, you know, this and that... we kinda had a discussion for awhile...

LE And what was Jeff's demeanor at this point...?

DW Ugh... Jeff was pretty freaked out... he seemed a little more mellower than I was at that point ugh... I believe he told me to calm down a few times...

LE How long did it take you ta get back down to the cabin...?

DW Approximately an hour...

LE So there's quite a bit a time there for you guys to talk...?

DW Ya...

LE Ugh... Jeff told you that Chewy had done this before...?

DW Ya...

LE Or that...? Okay... did he say specifically what had happened before...?

DW Mmm... Not really... that he had taken care of people... this ain't the first time...

LE Huh...

DW Ugh... that he's been a part a like Irish Mafia... that he's a collector for the family for years... he takes care a all this kinda crap...

LE Okay, and ugh... anything else happen while you guys are walkin' back...?

DW Ugh... ya, he had a rum bottle in his hand...

LE Ugh...

DW Took a few swigs outta the rum bottle ugh... pulled out a pipe... a ways... not too far away from... when we got away from the blazer and ugh... before he lit it, I asked, "Where'd ya get that...? Whose is that...?" Cuz I had an idea whose it was cuz I never seen it before ugh... lit it up... kept smokin' it and when he got

Pipe -

done smokin' it... after a toke, I asked him "Whose that...?" He says, "Well I got it off of one of them." I said, "Get rid of that thing."

LE What kinda pipe was it...?

DW Ugh... it was like a Sherlock Holmes Pipe...

LE What was it made out of...?

DW Glass...

LE What was in it...?

DW Ugh... marijuana...

LE And so he lit it and smoked some of the marijuana that was...

DW Mmm hmm...

LE In the pipe...?

DW Yes...

LE And then he offered you some...?

DW Ya...

LE And did you smoke any...?

DW No, I declined...

LE And why...?

DW I was disgusted...

LE Why...?

DW That he would smoke a pipe off someone's dead body ugh... off anyone that got, you know, off someone that just got killed...

LE What was his relationship with ugh... Nick or Josh...?

DW Ugh... I don't know of his relationship with Nick or Josh ugh... With Nick, I knew they were best friends for years ugh... knew him real well...

LE Okay, so ugh...

DW They paled around for quite a... quite awhile...

LE So he smokes this pipe that was off either his friend or the other guy...?

DW Mmm hmm....

LE And ugh... did he keep smoking it...?

DW Ya...

LE For how long...?

DW For a little while... I yelled at him a few times and I said, "Forget it". And ugh... he put it back in his pocket... I didn't see him put it in his pocket... he just... I didn't see it again... I didn't think about it...

LE Okay.... You... did you see it again later...?

DW Ya, I did... (Covered over—not able to understand several words)

LE And what was those circumstances...?

DW Ugh... we were walkin' up the driveway... the main driveway to the cabin... Crown Creek cabin... he pulled it out again to smoke it... I said, "Get rid of that fuckin' thing... now... get rid of it..." And I basically stopped at that point and he threw it...

LE So you stopped walking...?

DW Mmm hmm...

LE And what was your demeanor at that time...?

DW That he was gonna get rid of it... I was probably gonna beat the crap out of him at that point... I'd had it...

LE Okay, and the reason you wanted him to get rid of it was because it was evidence...?

DW No... it disgusted me...

LE Because it was off a dead person...?

DW Yes...

DW Ya...

LE Okay, tell me what you see and what happens...?

DW Ugh... we come up on Chewy with his back turned towards us... over the fire ugh... the fire was smolderin' ugh... we walked up... he heard our footsteps... spooked him... he jumped... turned around... said, "What are you guys doin' here already...? Why are you back so soon...? You guys bury the bodies...?" We said, "No." And at that point, I lit in on him to the point of, you know, this has nothin' to do with me... I ain't buryin' these bodies... I ain't doin' nothin' more with 'em... this is your deal... you're the one that shot 'em... I have nothin' to do with it... He told Jeff to go back and bury 'em...

LE Now when you walked up there, Chewy was wearin' different clothes...?

DW Ya...

LE Ugh... so what was your impression from that...?

DW That he just got done burnin' his clothes, cuz he was over the fire and it was smoldering pretty thick smoke...

LE So you... you... you believed he burned 'em rather than just changed 'em and...?

DW Ya...

LE Took them off ugh... did you see any remnants of clothing in the fire...?

DW I don't remember seeing any remnants of clothing...

LE And what was the description of the items he was wearing earlier in the day when the homicides occur...?

DW Ugh... patchwear... rainbow rags... what it's called ugh... different corduroy ugh... patches of material together ugh... with straps ugh... kinda like a ugh... what do you call 'em ugh...

LE Patchwork style...

DW Ya, patchwork style, but ugh...

DB Coveralls or overalls...?

DW Ya, coveralls... exactly...

LE And ugh... this is what he would normally wear...?

DW Ya...

LE Did he have...? To your knowledge, did he have just that one outfit like that...?

DW Ya, that's all I knew of...

LE And did he have blood on it earlier in the day...? Did you see...?

DW Mmm... not that I noticed...

LE Okay, but your impression when you walked up is that he had burned his clothes...?

DW Yes...

LE And what reason do you think he burned 'em...?

DW Oh, because he had carried the bodies and there musta been blood all over 'em...

LE And was there blood on ugh... Jeff...?

DW Ya...

LE Was there blood on you...?

DW No.

LE Had you ever handled the bodies...?

DW No.

LE Other than picking up the foot...?

DW No.

LE So Jeff had blood on his shirt...? (Not able to understand)...

DW I didn't recognize it myself, but Chewy must of cuz he told him to take off his shirt...

LE So you didn't see the blood on his shirt...?

DW No... I don't recon... he had a... he had a blue or a red umm... flannel on...

LE Okay, and did y... did Jeff take off his shirt...?

DW Ya...

LE What happened with the shirt...?

DW Ugh... I believe he handed it to Chewy or Chewy took it from him...

LE And then where'd it go...?

DW Ugh... I believe it went in the fire... I don't remember seein' it go in the fire at that point... I just can't recall that visual at all ugh... but I believe it went in the fire... I believe everything got burnt from Jeff and Chewy... as far as Jeff stuff bein' burnt... the flannel is the only thing I seen him take off...

LE So Chewy was mad that you guys were back so soon...?

DW Mmm hmm...

LE And ugh... what was that conversation...?

DW Ugh... we basically walked up... said, "What are you guys doin' back already...?" And ugh... I basically came to him to the point of... "I'm not doin' this. You know, this has nothin' to do with me... I'm not buryin' the bodies... I'm done... it's parked on top of the hill." Said, "Jeff tried ta siphon gas and create an explosion." Ugh... before that he told Jeff to get back up there and bury 'em... right after that... after I told him I didn't want anything to do with it... Told Jeff to leave and after that point, when Jeff was walkin' off... I told him Jeff tried to siphon gas create an explosion...

LE So you told him you weren't gonna do it so he told Jeff to go do it...?

DW Mmm hmm...

LE By himself...?

DW Ya...

LE And did Jeff start heading that direction...?

DW Mmm hmm...

LE How was he gonna get up there...?

DW Walk...

① · Mr. Adams
~~Adams~~. says "lets burn the books"

LE About... was it dark yet...? Was it dusk...?

DW It was dusk...

LE It was dusk at this point...? Ugh... so....

DW Sun... sun was going down at that point... I... I can't say it was dusk, but I can say the sun was goin' down at that point...

LE Okay, and what happens from then on...?

DW Ugh... from then on basically I told him that he tried to rig an explosion umm... I said, "Let's just go and burn 'em... Let's just get rid of it, burn the bodies..." He agreed.

LE Chewy agreed...?

DW Yes...

LE And what did he do...?

DW He ran under the house, grabbed a five gallon gas tank and said, "Let's go".

LE Okay, do you need ta check the tape...?

DB Mmm... not quite yet...

LE Okay, so he grabs the gas tank and then what happens...?

DW And he throws it in the back of his rig... (Not able to understand)...

LE Had his rig been moved since you first...?

DW No, it was in the same spot... not that I had ever seen...

LE So it was the same spot where you guys parked it earlier...?

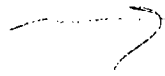

DW Exactly, ugh...

LE You both get in the vehicle...?

DW Ya...

LE Then what happens...?

no X-reference w/ Jeff. ~~to~~

DW Ugh... We jump started by going in reverse down the hill ugh... I don't remember if Chewy called out for Jeff or I did or what, but ugh... Jeff was walking back up our way when we were comin' down the hill... the initial driveway... Jeff jumped in... I jumped in the back seat and we headed off towards the vehicle that was parked on top of the hill ugh... we started up the road to turn onto the logging road... I told him to stop... I said, "I'm just gonna get out here and look out." I was tryin' ta get out of it ugh... havin' to go back up there or have anything to do with it... They said, "No, come on... you gotta see this through... you gonna be suspicious sittin out here..."

LE Mmm hmm...

DW You know, in the middle of no where... So I went further up the road with 'em ugh... as soon as we get to the hill before the plateau where the truck was parked... I said, "I'm just gettin' out here... I can't do it.. I'm not goin' through with it... I'm not goin' up there..." Get out of the vehicle... just basically head out under the roadway... right beside the roadway on the hill...

LE Then what happened...?

DW Ugh... then from there I... either I heard the vehicle start, cuz it had to be push started... made quite a racket when it started or I heard a ugh... not explosion, but a ign... ignition of the fire ugh... one of the two... I wasn't sure... I didn't see anything ugh... I sat down there for quite awhile waitin' for 'em and then I heard the noise and then they came down...

LE About how much time passed from the time they dropped you off til they picked you up...?

DW Probably a little over ten minutes...

LE Okay, and then so they pick you up then ugh... what'd they tell you...?

DW Ugh... I think I asked... "Is it...? Did you guys start the flame...? You know, is it goin'?" He said, "Ya."

LE So your impression was that they lit it on fire...?

DW Exactly...

LE And what'd you guys do then...?

DW Ugh... took off... went back towards the cabin ugh... went to the Crown Creek ca... cabin... Chewy ran upstairs to get somethin'... At that point, I wanted all my pot from Jeff ugh... wanted everything that he owed me ugh... he was short on everything... we got in an argument and I was upset... all kinds a different things

goin' through my head at that point ugh... Chewy came back down ugh... he had money that he got off of one of the guys... I believe it was Nick... counted the money out three ways and laid it there on the table...

LE So the... go through that just a little bit more... Chewy got money from Nick...?

DW I believe it was Nick...

LE And how did you find out about that...?

DW Ugh... he pulled the money out and said I only got... I got four hundred bucks off 'em... I only got four hundred dollars off 'em...

LE That was at the cabin...?

DW Ya...

LE Did you see him take the money...?

DW No, I didn't...

LE But he told you he took the money...?

DW Mmm hmm...

LE And ugh... he had it divided up in three piles...?

DW Mmmi hmm...

LE Okay, what happened then...?

DW Ugh... at that point, he said, "Go ahead and grab one." ugh... I shoved mine over to Jeff and said, "Go ahead." Ugh... basically along the same lines as the pipe I... disgusted to the point where I didn't want anything to do with anything as far as that goes...

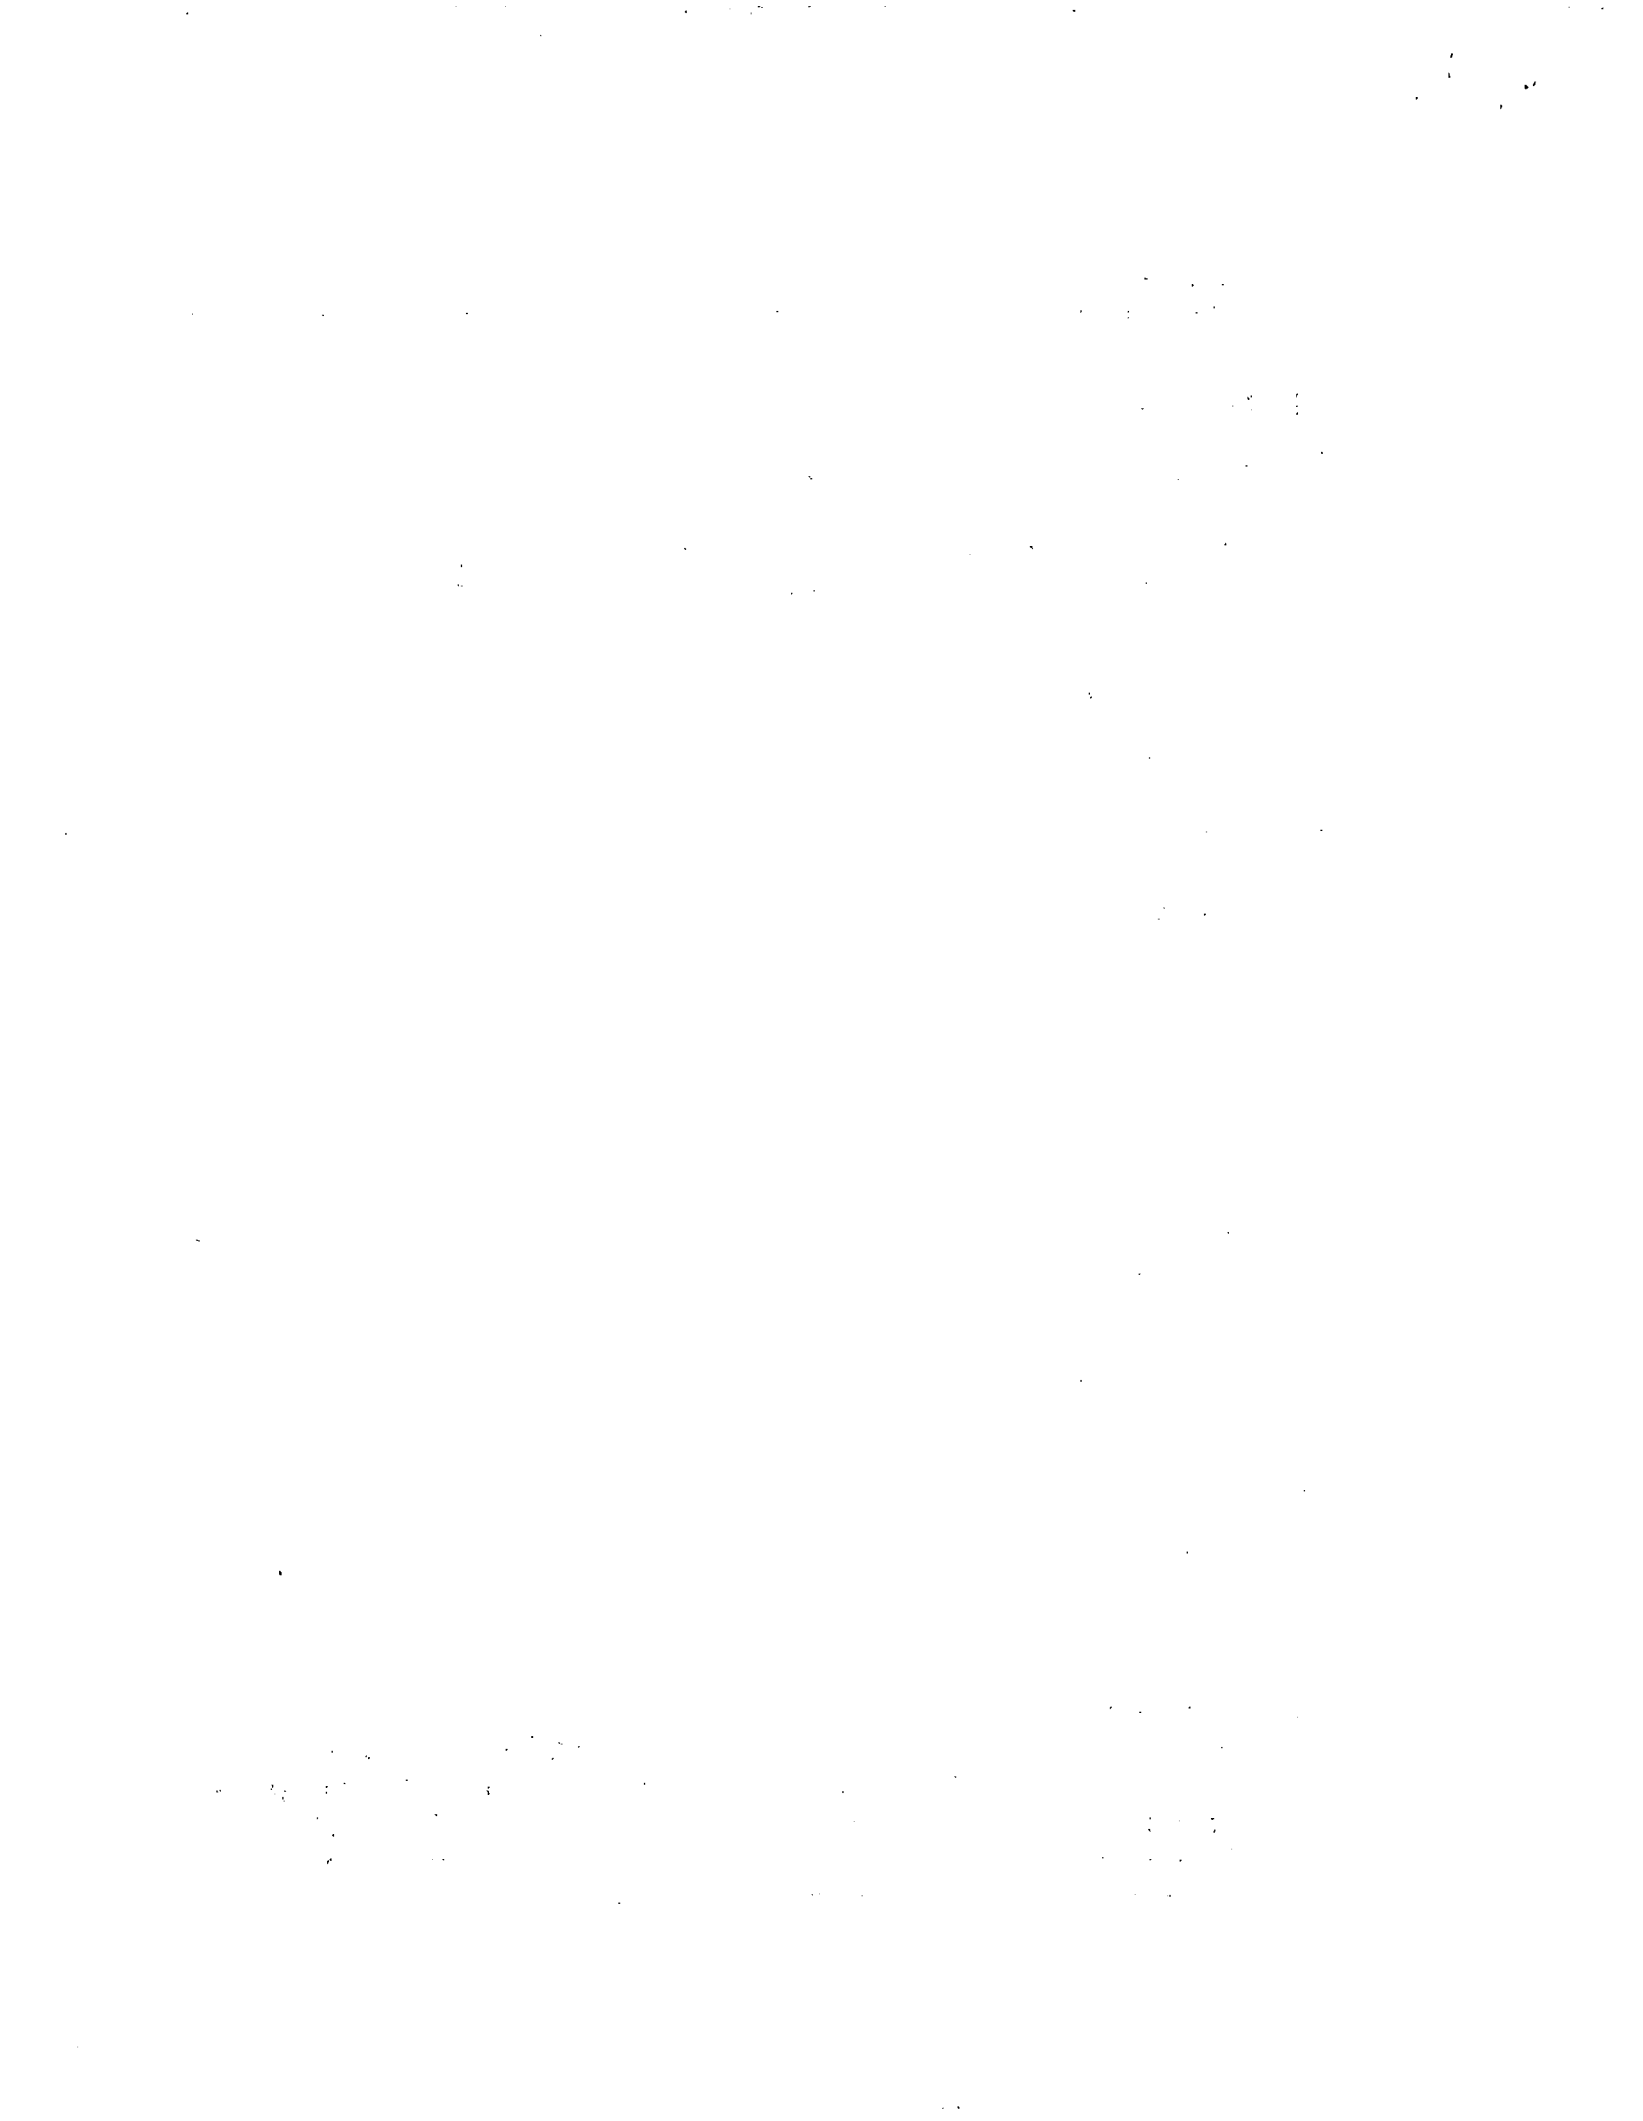

LE And did Jeff take it...?

DW Ya...

LE Okay...

DB Let's go ahead and stop there for a minute... it's ugh... 6:51 hours or 1851 hours rather... need to turn the tape over...

*Didn't see him
shoot, start fire,
Didn't see him steal money.*

END OF SIDE A

.....

START OF SIDE B

DB Okay, it's ugh... 6:52... back on tape on ugh... side B...

LE Okay, we'll continue where we left off... I believe ugh... right after you guys were in the cabin and Chewy divided up the money that he said he had taken from Nick...

DW Mmm hmm...

LE Or did... did he say he took it from Nick...?

DW Mmm.... No, he didn't...

LE Okay, so from one of the two...?

DW Ya...

LE Okay, ugh... go on from there...?

DW Ugh... that's... I just remember what I was gonna just tell ya ugh... damn... anyway... I'll go on from there... I just... (Not able to understand...) I spaced it off again ugh... from there we decided to take off and go to the WhiteBird... wanted to get out of there ugh... away from the scene... so we took off and drove into town...?

LE Who...?

DW Ugh... me, Chewy, and Jeff...

LE In what vehicle...?

DW In Chewy's bronco...

LE Okay...

DW Got to the Whitebird ugh... ordered some food ugh... About as soon as we got our food a gentleman came and sat with us that Jeff knew that I had seen previously before at Barter Fairs around fires ugh... basically talked to Jeff most of the time ugh... I got up during that time and played pool with Troy, he's the bartender at the bar and I believe we only played one game ugh... came back ate some fries and had a few beers and we ended up takin' off...

LE How long were you there at the Whitebird...?

DW Probably about an hour...

LE On your way to the Whitebird was anything discussed about the homicides or anything...?

DW I don't think so at that point...

LE What...? Did you ever ask Chewy what he did with the gun...?

DW Yes, that was discussed ugh...

LE When was that discussed...?

DW I don't know if that was on the way or before we left the cabin or... that's the only thing that I don't remember... the time line when... whether it was on the way to the Whitebird or was in S... Sunday night when we got back to my cabin ugh...

LE Okay, what was discussed about it...?

DW What was discussed about it was he said... I asked him, "Where's the gun?" And he said he buried the gun with the barrel... in back of the cabin...

LE So he used the barrel...?

DW Behind the cabin actually....

LE He used the barrel to dig the hole...?

DW That's what he told us ugh... I believe Jeff was present when he was talkin' about it...

LE Okay, this was either on the trip to the Whitebird or later back at your house...?

DW Exactly...

LE Okay, so you guys are there about an hour... you guys order dinner... who pays for the food...?

DW Chewy...

LE Would that be normal...?

← they searched, didn't find

Dave agrees, ~~Maaji~~ ~~got back to~~ ~~cabins~~
after Maaji was already at
cabin when the 3 (Jill, John, & Dave)
were already there

DW No...

LE Why...?

DW Ugh... cuz he usually didn't have any money...

LE How about Jeff...?

DW Never has any money... only if... Chewy only had money when his dad gave it to him or Jeff only had money when his mom gave it to him before...

LE Do you remember about what time it was when you guys left the Whitebird...?

DW It had to be dusk at that point or night... I don't recall if it was dark out or not... I do know by the... I believe by the time I got home to my cabin it was dark out...

LE Is there anybody at the Whitebird that would recognize Chewy or Jeff being there other than this friend of Jeff's that you didn't know the name of...?

DW No, Troy but... Troy, I don't think ever seen 'em before so... probably didn't pay much attention...

LE Was Chewy known around the area...?

DW No...

LE So if you guys leave the Whitebird where do you go...?

DW Ugh... back to my cabin...

LE Anybody there...?

DW Ya, Maija...

LE Wh... what happens...?

DW Ugh... we get back there... Maija was waiting there for Jeff ugh... we come in the cabin, sit down ugh... Maija and Jeff go outside... talked for quite awhile ugh... came back in at that point ugh... at that point, they left or they wanted to take off and ugh... had a discussion with Chewy about them takin' his vehicle over to Jeff's cabin ugh... at first he didn't even listen to 'em... he didn't really say much about it ugh... after awhile he kept askin'... kept askin' him and he said finally, okay and the condition was that he had it back early that morning...

LE Okay, so how long were they outside talking...?

John reluctantly lends truck
to Jeff & Mays, not wanting
to b/c Dave had it all Day

DW Boy, between ten and twenty minutes...

LE And what were you and Chewy doin' during that time...?

DW Playin' play station...

LE And when they come back in da you guys continue to play play station...?

DW Ya, I believe so...

LE And how long are you guys there before Maija and Jeff take off...?

DW Probably for quite awhile because after he ignored 'em for awhile... Jeff asked him several times while Maija and Jeff sat 'er... Ya, Maija and Jeff sat there and watched us play...

LE And what time do you think it was...?

DW Oh...

LE That they left...?

DW Ugh... say anywhere... (too low to understand)... anywhere from ten ta twelve o'clock at night... I would say they were there... we were back there approximately two hours...

LE Okay, they leave... what happens...?

DW Ugh... they leave... I took off shortly after that... went upstairs to go to sleep ugh... I believe Chewy went to sleep...

LE Where did he sleep...?

DW Down on the couch...

LE Ugh... anything happen during the night or...?

DW N... I stayed up most of the night....

LE (Covered over by DW-not able to understand)...

DW Had my gun loaded next to my bed...

LE Why...?

DW Nervous...

LE Did you trust...?

DW Just saw... didn't see someone, but I just knew someone had killed two people and I didn't have any trust at all...

LE You... you trusted Chewy or you did not trust...?

DW Did not...

LE Ugh... Is there...?

DW I was sittin' all night wondering how I... I got into all this...

LE Was there any discussion about ugh... Chewy leaving...?

DW I don't recall if it was that night or that morning...?

LE What was said...?

DW Ugh... said he was gonna take off... go back to Portland...

LE Him alone...?

DW No, it seemed like that Jeff was... he... Jeff was in on going back already...

LE So Jeff... you expected Jeff and Chewy to be leaving...?

DW Exactly together... I don't know if it was discussed earlier... I... I don't really... it's kinda foggy to me right now...

LE Okay, so ugh... Monday morning comes along... what time do you wake up...?

DW About 6:30 or 7:00...

LE What happens...?

DW Ugh... I get up... go downstairs... he wakes up right away... Chewy does as soon as I get downstairs ugh... we head over towards the Crown Creek cabin ugh...

LE Why...?

DW Why... to go get his vehicle cuz they weren't back ugh... with his vehicle when he said...

LE Was he happy about that...?

Clothes packing on Monday

Compare JH, P. 2657, ~~see~~ where

left says they packed Bums on

Sunday

DW No, he was extremely pissed off...

:LE Okay...

DW So we go walkin' down ugh... before we get to the cabin... down the Crown Creek Road... Maija and Jeff are walking towards us and basically he just kinda ran towards Jeff yellin' and screamin' at him... while me and Maija stood there together ugh... they kinda mellowed out... asked where his truck was...? Said it was stalled in the ravine ugh... or the... whatever the creek basically ugh... we walked down towards the vehicle... took awhile for us to push it out... back and forth... finally got it out of the water... pull up to Chewy's cabin and they started packing frantically...

LE Who did...?

DW Ugh... Jeff and Chewy...

LE So not just a normal pace...?

DW No, they were packin' pretty quick..

LE What were they taking...?

DW Every... everything of their personals... their personal stuff...

LE Okay, and ugh... Maija is she still there...?

DW Ya...

LE What happens then...?

DW Ugh... I helped 'em load the generator ugh... load it in the back of the vehicle ugh... then from there they kept packing and I told 'em I was gonna take off and Maija went with me... she...

LE (Starts to say something... not able to understand)...

DW She seemed pretty distraught...

LE Why do you think she was distraught...?

DW Ugh... honestly I think Jeff told her what happened the night before and that she was just disgusted with it and very... she seemed very abnormal from normal... like I said before she ain't got it all there as far as brains go, but ugh... she seemed a lot different than normal...

LE Did she react any differently towards you or Chewy or Jeff...?

DW Mmm... kinda stand offish I felt... she wasn't as personable...

LE With all of you...?

DW Ya...

LE Di... Was anything mentioned around her about the homicides...?

DW Not that I heard...

LE Okay, so you and Maija take off...

DW (Not able to understand...) we walked over towards my mom's... went to my mom's house...

LE And what's your intent...?

DW My intent was to go with 'em... ugh... on the walk over... now it goes back to me... I was discussing with Chewy... I'm gonna take off with them to go to Portland to go sell some pot and just to get out of the area for awhile ugh... I didn't wanta be around so I was pretty disgusted with what happened and I needed ta get out of there ugh... at that point, me and Wia... Maija walked over to my mom's house... now and I asked her to use her 4 runner ugh... she let me... I took over and went... took off ugh... went and picked up some pot ugh... approximately about five and a half pounds (Not able to understand...)

LE How about...? Was anybody with you...?

DW No, I was by myself...

LE And how much is this five and a half pounds ugh... street value worth...?

DW Approximately ten thousand dollars...

LE Okay, you pick up the marijuana and then what...?

DW Ugh... go back to my house ugh... at that point, I took the marijuana up to my room... took turkey bags... wrapped it up air tight so it wouldn't smell... loaded it in duffel bags and ugh... grabbed the duffel bag, a back pack... I had it in two different bags ugh... loaded it in my mom's truck and loaded my clothes in my mom's truck... took off 'er... took off... jeez I can't even talk anymore... took off back over towards the cabin or I mean... towards my mom's house and ugh... dropped off her 4 runner at that point...

LE About how long did it take you from the time you left your mom's til you got back...?

DW Probably about two hours... hour an a half at the least... took quite awhile...

LE And when you got back to your mom's was Maija still there...?

DW Ya...

LE Anybody else there...?

DW Jeff and Chewy were there...?

LE And they were all packed up ready to go...?

DW Ya...

LE And what went on from there...?

DW Ugh... from there... we decided to go back to my cabin cuz I left marijuana starts outside ugh... I was gonna be back in a few days so I didn't want 'em to go bad... I intended on plantin' 'em ugh... so we came back up to my house, grabbed the starts, ugh... planted inside under the skylights on both sides of the bedrooms ugh... at that point, I believe they took some of the stuff out of the back and put it in Glad garbage bags and tied some of it down on top of the roof of the vehicle ugh... now that I think about it and ugh... that was about it... from there we took off...

LE Remember about...? Do you remember about what time that was...?

DW Had to be gettin' towards afternoon... probably a little later afternoon...

LE Ugh... after twelve P. M...?

DW Ya...

LE Three P.M. maybe...? Two P.M....? One...?

DW Right around there...

LE Okay, so after... (Several words not able to understand)

DW I don't remember exactly what time...

LE Okay, you... who all goes with you...?

DW Ugh... Chewy, Jeff, and Maija and me...

LE And your all in Chewy's rig...?

DW Yes...

LE And once you leave your house where do you go...?

DW Ugh... we take off going towards Kettle Falls... dropped Maija off ugh... at... as known as Chicken Farmer Ron's...

LE How far is that away from where you guys...? From your house, time wise...?

DW Probably about ten... fifteen minutes...

LE Okay, and did you stop anywhere else...?

DW Ugh... no.

LE Okay, after you drop her off...

DW (Not able to understand)...

LE Your headed towards Portland.... You stop anywhere...?

DW We stopped out of... .

LE On your way...?

DW Davenport... it was one or two towns out of Davenport... stopped for gas...

LE What happened during that stop...?

DW Ugh... Chewy made a phone call at that stop...

LE You saw him make a phone call...?

DW Ya...

LE It was on a pay phone....?

DW Ya...

LE And ugh... do you know who he was calling...?

DW Ugh... I don't... he never said exactly who he was calling, but he got back in the rig and said, "They know we're coming..."

LE And what did you take that to mean... ?

DW Ugh... Rob or shadow... both of 'em probably knew we were on our way... I figured he called Rob...

LE Did Rob know you were coming down before...?

DW I'm not sure actually... he didn't have an idea... he... I... I think he musta... ya he had to have known at that point, cuz he was expectin' me ta buy or to buy pot from me, cuz when I got there he was ready to do business... so yes, he did know I was comin' down...

LE Do you think it was from the conversation that Chewy had with him...?

DW Ya...

LE Or did... was there some conversation previous to that that would have let him know...?

DW Ugh... not that I know of...

LE To your knowledge was there any phone calls to Rob or Shadow or anybody in the family from the time of the homicide until the phone call on ugh... near Davenport...?

DW Not that I recall... it's a possibly, but I don't recall...

LE After you guys ugh... get gas and leave that town near Davenport ugh... what's the demeanor in the car...? Conversations, etc...?

DW Well at that point it was brought up a few times... the homicides ugh... at one point Jeff brought it up and ugh... I added to it by sayin', you know, that that was just... I don't know the most sickest wrong thing I've ever been through in my life, you know, that I can't believe that happened... that was disgusting and, you know, this... this ain't gonna be good for us as far as you know karma goes... God can call 'em sins, you know, the whole nine yards... it's gonna come back big time ugh... after that Chewy added about what he saw and what he did as far as the shootings go...

LE And what was his reference...?

DW Ugh...

LE To bring that up...?

DW His reference was basically... I took out Josh first with head shots ugh... Nick at that point ducked down to cover his ears and then I got him next...

LE And did he say where he shot Nick...?

DW Ugh... I believe he said they were both head shots...

LE Did he say what happened after they were shot...?

DW He said they flopped to the ground... they just dropped...

LE Okay, so he...

DW He explained it pretty much in detail...

LE Did he say where he was at when he shot 'em...?

DW No...

LE Did he say he used his gun to do it...?

DW No.

LE But he said he shot them...?

DW Ya, he said, he'd... had shot 'em in head shots...

LE Okay, so I... as he's talk...

DW He didn't say he shot... he said they were head shots... took 'em out with head shots...

LE Did you know Chewy...?

DW Said he took Josh first...

LE To be a...? Did you know Chewy to be a good shot...?

DW No, I never really was around him enough to really recognize his shooting ability...

LE Did you shoot...? Ever shoot ugh... target practice with Chewy...?

DW Ya...

LE Would you say that he was an average shooter...?

DW Ugh... I guess I would say average to low average... I never s... I wasn't too impressed I guess you could say that...

LE So would you say...?

DW I believe he would...

LE He would have to be closer or fu...?

DW He...

LE Or would he be able to hit somebody from farther away and be accurate...? Your impression...?

DW My impression... he would have to be pretty close...

LE Within what kind of a distance would you say...?

DW Oh boy, I don't know ugh... ten yards I guess...

LE Ten yards...

DW I would think...

LE Thirty feet... somewhere in there...

DW For a head shot, ya....

LE Okay...

DW Also he did mention at that point, after that that he'd been in the military before...

LE He say what kind of position he had in the military...?

DW I don't remember exactly... I just remember he did mention somethin' about the military at one point in the drive... it was real kind of a pass over conversation...

LE He didn't say what his job role was in the military...?

DW I don't remember...

LE Okay, ugh... so he's continuing to talk about how he killed them ugh...?

DW Ya...

LE Jeff is awake and listening to this...?

DW Yes.

LE And ugh... what happens then...?

DW Ugh... at that point, I... we both... I don't know if it was simultaneously or one at a time, but basically said, "That's enough... I don't wanta hear no more..."

LE And how did Chewy respond...?

DW He didn't say nothin'...

LE What was his...?

DW Dropped it...

LE What was his attitude about the homicides...?

DW Uhh huh... it didn't seem like he really cared...?

LE So was he happy, sad, did he have any remorse...?

DW Seemed pretty... just pretty cold...

LE Matter of fact...

DW Ya...

LE Okay, ugh...

DW One conversation that comes back to me now that I was thinkin' about early is he said, "I feel like I'm gettin' colder and colder each time..."

LE When did he tell you that...?

DW That was on the ride down right after the conversation with head shots... that was what I was remembering earlier...

LE So he said he was gettin' colder and colder each time...

DW It felt like he's gettin' colder and colder about it each time...

LE And you took...

The primary data was gathered through direct observation and interviews with key stakeholders. Secondary data was obtained from existing reports and databases.

The third section details the statistical analysis performed on the collected data. This involves the use of descriptive statistics to summarize the data and inferential statistics to test hypotheses. The results of these analyses are presented in a clear and concise manner, highlighting the key findings of the study.

Finally, the document concludes with a series of recommendations based on the research findings. These recommendations are designed to help improve the efficiency and effectiveness of the processes being studied. The author also notes the limitations of the study and suggests areas for future research.

DW (Covering over each other... not able to understand)...

LE That to mean that he had done this before...?

DW Ya, that's what I was takin' it at that point... at that point, my thought through my head... when I get to Portland, I'm gonna get as far away from him and Jeff as I can...

LE Okay, ugh... Do you remember about what time you guys arrived in Portland...?

DW Ugh... about one or two in the morning...

LE Was there any other stops on your way down to Portland...?

DW I believe we stopped in Tri-Cities to get gas... I don't remember stopping at that point or whatever but...

LE Any significant events or conversations take place in the rest... during the rest of the trip...?

DW Hmm... not really other than Jeff drivin' and almost killin' us, but...

LE Okay, ugh... so you get to Portland... where do you go...?

DW Ugh... straight over to Rob's...

LE Rob Schultz's...?

DW Ya...

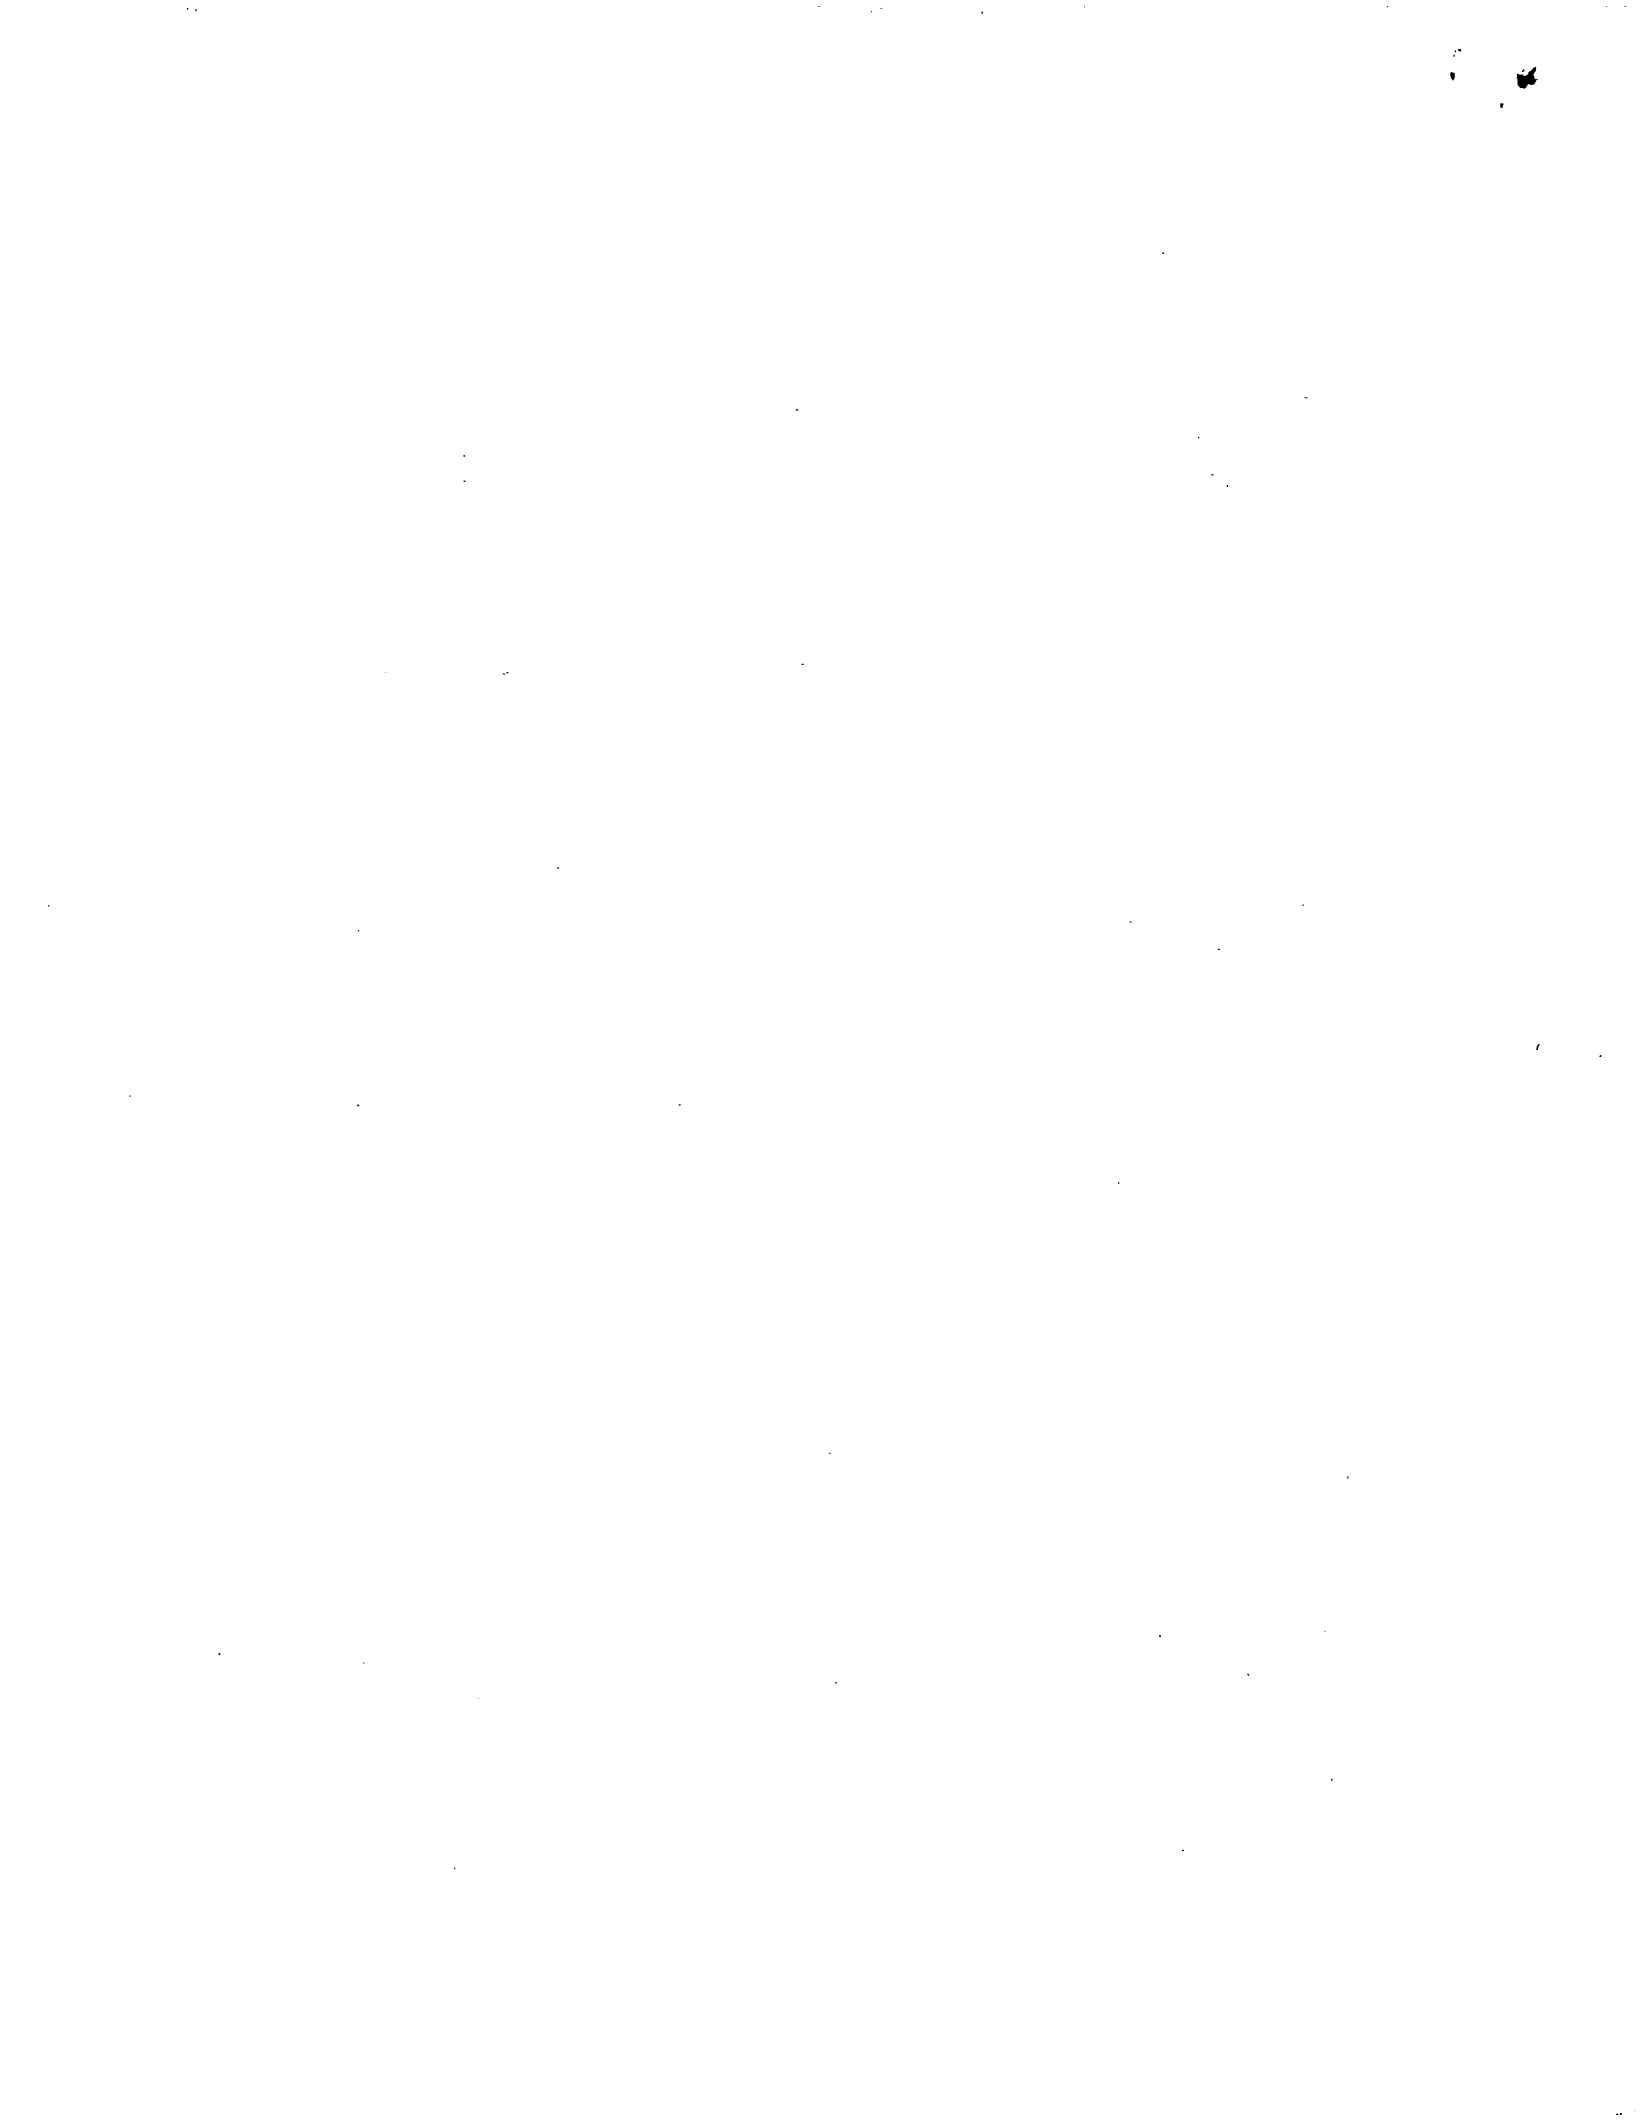

LE All three of ya...?

DW Ya...

LE What happens...?

DW Ugh... I walk in the door and we basically told him what happened... he seemed shocked... he either said, "I can't believe you guys actually did it..." or "I can't believe that happened..." I don't remember exactly what he said... it was somethin' to that effect, but ugh... he seemed, you know, surprised by it basically and ugh... to me it... it... he didn't... he didn't seem like he was seriously concerned... it seemed like an act.

LE So you believe he was insincere in his...?

DW Ya, it...

LE Shock or...?

DW That's... that's the first... the first thing that came to my head is... "He's fulla crap." He knew exactly what was goin' on and at that point, I had all kinds a paranoid suspicions come to my head, so...

LE What kinda suspicions...?

DW Ugh... that this was rigged to happen all along... that he knew Josh was gonna come down there... that he'd already discussed this and it was already decided that that was gonna happen...

LE That Chewy was gonna kill them...?

DW He was gonna kill Nick...

LE And you believe this... Rob wanted this to happen previously at least this is a suspicion you had at that time...?

DW Ya...

LE Ugh... you arrived there... all three of you were there... did you all stay...?

DW Ugh... no, Chewy and Jeff left...

LE Does Chewy ever have an opportunity to talk to Rob alone or tell him what happened...?

DW I'm sure he did ugh... as the days went on ugh...

LE That evening...?

DW Mmm... I don't believe that evening...

LE How about Jeff...?

DW I don't remember whether they came back or not that night... kinda thinkin' they did come back later that night and stayed... later that evening... (Not able to understand...)

LE You don't recall...?

DW I don't recall... I kinda think they did, but I'm not positive on it...

LE Okay, ugh... what hap...? You stayed there...?

DW Ya, I stayed there... I got pretty stoned out of my mind to the point of... out of it...

LE Okay, and what...? What happened there...? Did you have some additional conversations with Rob...?

DW Ya, ugh...

LE After Chewy and Jeff left...?

DW I spoke with Rob about it ugh... expressed my dislike over what happened ugh... how wrong that is? It happened right next to my parents house, you know... after that Rob was pretty much all business and wanted to see how much pot I had, what I wanted for what... I had different kinds a weed ugh... got like a sack in the bedroom and I believe I discussed a little further about what happened ugh... just as far as, you know, this happened in my neighborhood, you know, right in my back yard and this, that, and the other thing and... I don't know if it was him or Chewy... I can't remember totally, but I think he... he had asked me maybe and both of 'em had asked me at one point, you know, well you ain't gonna, you know, some consciousness isn't gonna come over you and you're gonna go and, you know...

LE Talk to the police...

DW Exactly...

LE And what'd you tell them...?

DW I said, "No." (Not able to understand-starting a word...)

LE Was it...? Was it discussed what would happen if ugh... the police found out...?

DW No, it was told to take to our graves...

LE Did ugh... Rob know that two people had been killed...?

DW Ya

LE Who would have told him...?

DW Ugh... I believe I told him later that evening...

LE Did he already know by that point...?

DW I'm not sure... he acted su... surprised as... I'm not sure if he was told about both of 'em up from first of all or whether I was discussing that with him later back in the bedroom... about Josh ugh... I'm not sure when we first got there if we'd told him about both of 'em or just told him about one and then I discussed it later, but I believe that was the conversation I also had with him later whether that was discussed or not about Josh... that Josh had a ten month year old kid...

LE Did he know who Josh was...?

DW No, he didn't seem to at all...

LE Did ugh... he ever say that he'd... this is what he had wanted to happen...?

DW No.

LE Did you ever bring up the discussion you had with him a month or two earlier about them not breathing anymore...?

DW Huh huh...

LE Did he appear unhappy with ugh... Chewy's actions...?

DW Ugh... he didn't actually ugh... he didn't jump on him at all... actually hung out with him the rest of the time I was around...

LE Did he ever ask about evidence or ugh... was everything covered up or...?

DW Actually he did... he asked, "What'd you guys do with the bodies...?"

LE And who said what...?

DW Ugh... I believe it was Jeff or I said, "They're on the top of the hill and they're burned in a truck..."

LE And what was Rob's response...?

DW Ya, he seemed disgusted about that and I don't ... I don't know if that was the next day or it was that night it was discussed... I believe it was the next day...

LE He was unhappy that they were on top of the hill...

DW Ya, he seemed to shake his head and walk off... didn't wanta hear no more about it... He said several times, "I don't wanta hear nothin' about it." And asked questions later on while I was there during the five day period...

LE Okay, you stayed with Rob then...?

DW Mmm hmm...

LE For how long...?

DW I believe two or three days... I think three days I did ugh... then at that point I stayed at Shadows ugh... a day and a half... a night and a day and went back over to Rob's for another day I believe and the next... or another night... and I believe the next day I went and bought a car...

LE And how did you buy that car...?

DW With cash...

LE How much cash...?

DW Ugh... four thousand... forty-one thirty-five to be exact...

LE And where did you get that...?

DW Ugh... Riverside Auto I believe it's called... Riverside Auto...

LE Where did you get the money...?

DW Ugh... from sellin' pot...

LE That five and a half pounds that you took down to Portland... you sold that...?

DW Sold it all but a half pound...

LE And how much money did you get out of that approximately...?

DW Well... when I figured it all up basically on paper I was suppose to come up with ten grand total... basically money in my pocket plus the money I had taken down...

LE How much did you take down...?

DW Ugh... I think it was about twenty-four hundred dollars...

LE And where did you get that from...?

DW That was sellin' pot previously to Rob and all them...

LE The twenty-four hundred...

DW Mmm hmm...

LE Was that...? Any of that money from the Barter Fair...?

DW No.

LE The sales up there...? You had mentioned before that you got...?

DW Oh s... ya...

LE Eighteen hundred dollars from the Barter Fair...

DW The twenty-four, yes... the twenty-four hundred was part of that... actually I only got eight hundred outta that and the rest I had was in pot... I was shorted...

LE By Jeff...?

DW Ya...

LE Okay...

DW He never came up with the rest of it...

LE So you got your car ugh... did Rob ever give you money for participating with the... the homicides or the cover-up...?

DW No.

LE Was it ever discussed...?

DW No.

LE Anybody else in... with the family discuss that or...?

DW Umm...

LE Mention it...?

DW Believe Jeff and Chewy mentioned it... I don't know which one did and said they would be compensated by the family... they would be taken care of...

LE They said that the family would compensate them for their actions...?

DW Ya, and you'll be taken care of too so ...

LE And what was your response...?

DW I don't think I had a response...?

LE (Not able to understand)... Ugh... We understand you got an apartment... you had a new car and an apartment right after arriving down there...?

DW Ugh... hmm...

LE Ugh... the money to get that was from...?

DW Sellin' the pot in Portland...

LE The five and a half pounds... or five pounds...?

DW Ya...

LE Ugh... how did you get your apartment...?

DW Ugh... cash... paid cash for it...

LE You just went out and found it...?

DW No, ugh... friend of their family, Noel, ugh... showed me around... I basically had left a half pound with Noel and Shadow... took off to my dad's... stayed with him for a few days, came back to Shadow's, ugh... came back to Noel's first... picked up my money, went to Shadow's picked up the rest of my money and then went back to Noel's and stayed the night... the next morning went out and found an apartment...

LE Okay, did...? Was Shadow aware of these homicides...?

DW Yes.

LE What was his response...?

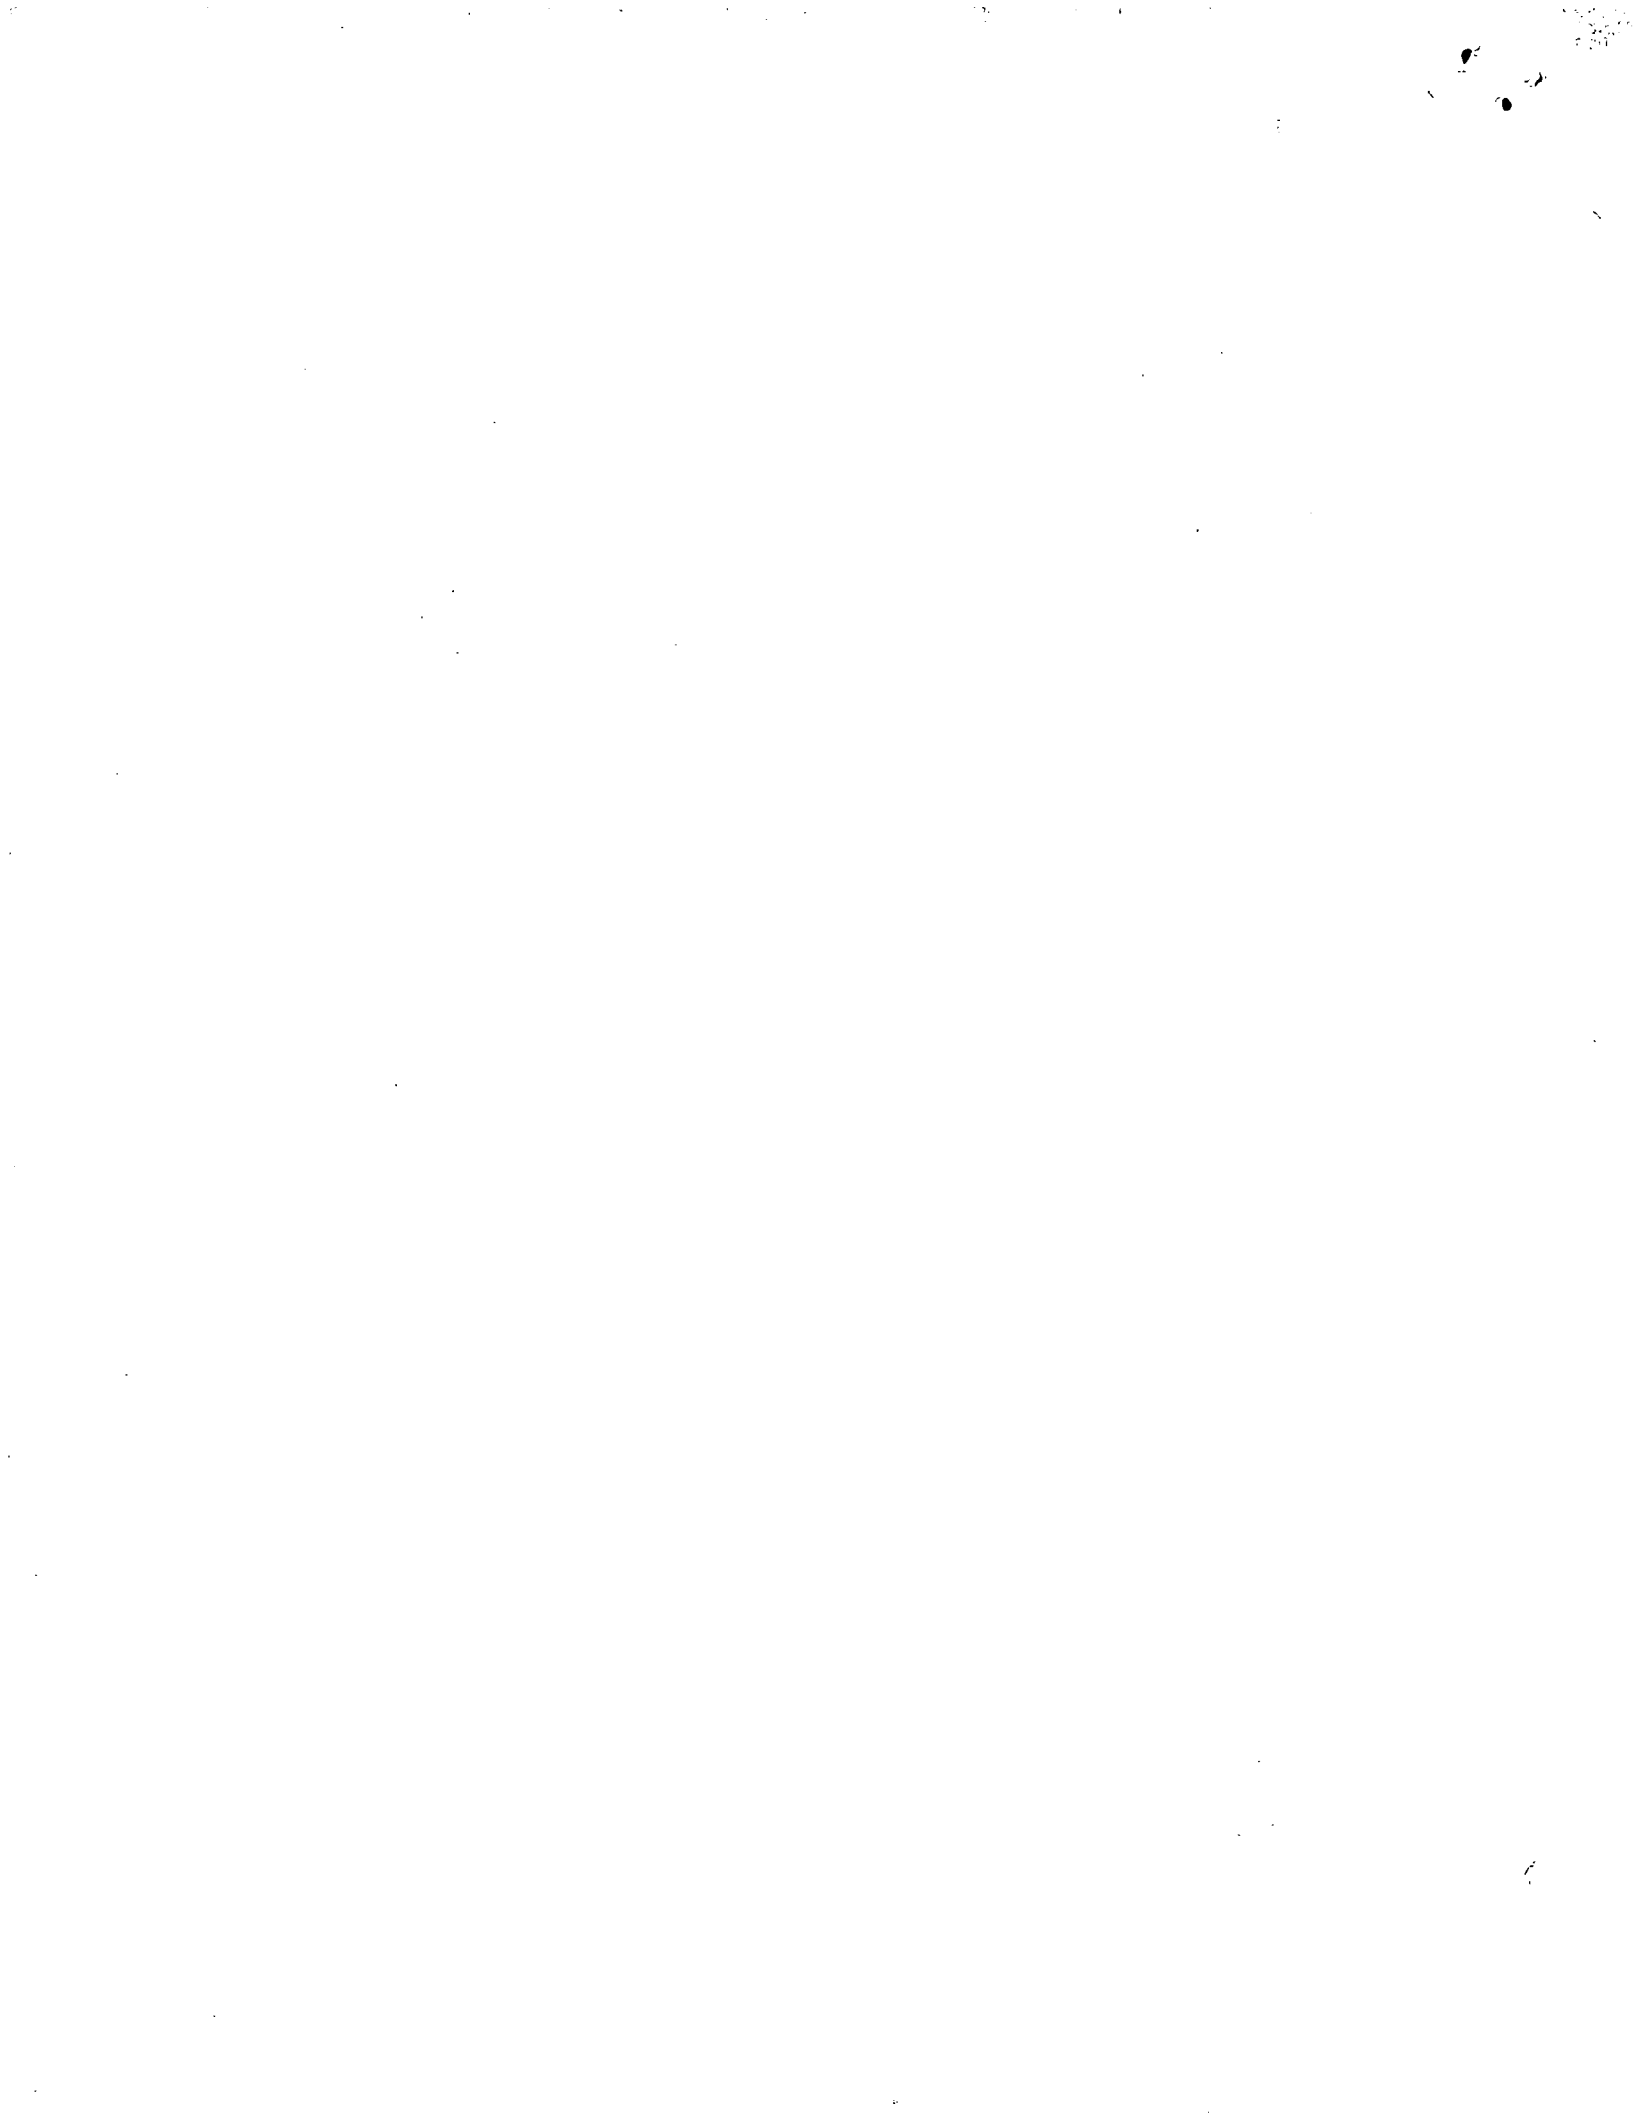

DW Ugh... I don't really remember his response... his response was pretty void... just kinda, you know, okay...

LE Who told him...?

DW I did...

LE You told him...?

DW Ya...

LE Did you tell him there was two people killed...?

DW Ya...

LE Did anybody say anything about why Josh had been killed...?

DW No.

LE Did Chewy ever say why Josh was killed...?

DW Mmm... Not that I recall... not specifically... if he had I... I've forgotten... I pretty much... I think we all pretty much knew kinda why he did get killed...

LE And what was that...?

DW Ugh... that he was with Nick and Nick was believed to be a nark and turning people in and that if he was with Nick he was a nark as well...

LE Okay, did Noel know about the homicides...?

DW I don't think so... I don't think he ever knew...

LE Ugh... (Not able to understand...)

DW I never told him that...

LE I think it's...

JC Are you done...?

LE I think that's about it...
